Alethea K. Helbig, Agnes Regan Perkins, 2000-10-30 Celebrating the wealth of quality multicultural literature recently published for children and young adults this valuable resource examines the fiction oral tradition and poetry from four major ethnic groups in the United States. Each of these genres is considered in turn for the literature dealing with African Americans, Asian Americans, Hispanic Americans, and Native American Indians. Taking up where their earlier volume *This Land is Our Land* left off, Helbig and Perkins have teamed up once again to identify and expertly evaluate more than 500 multicultural books published from 1994 through 1999. Both considered authorities in the field of children's literature, the two of them personally selected, read, and evaluated all the books included here. Their insightful annotations help readers carefully consider both literary standards such as plot development, characterization, and style, as well as cultural values as they are represented in these cited works. Each entry also indicates the suggested age and grade level appropriateness of the work. With the proliferation and ever increasing popularity of multicultural literature for children and young adults, this sensitively written volume will serve as an invaluable collection development tool. Teachers as well as librarians will find the comprehensiveness and organization of this bibliography helpful as a guide in selecting appropriate materials for classroom use. Even students will find this book easy to use with its five indexes identifying works by title, writer, illustrator, grade level, and subject. Public libraries and school media centers will find much use for *Many Peoples One Land*.

This Land Is Our Land Agnes Regan Perkins, Alethea K. Helbig, 1994-09-26 How do you select the best recent works of fiction, oral tradition, and poetry about African American, Asian American, Hispanic American, and Native American Indian experiences and traditions from the profusion of titles being published today? This annotated bibliography of titles for children and young adults published from 1985 through the end of 1993 with 60% published since 1990 provides a one stop selection tool. Appraisals of 559 titles as well as information about an additional 188 recent books and 90 earlier ones of importance are provided. Each entry features a plot summary incorporating themes, critical comments with a judgment of the book's value as an example of its genre, suggestions of other books by that writer and related books of importance. The authors who are recognized authorities in children's literature and an advisory board of librarians and teachers, each of whom specializes in the literature of a particular ethnic group, have provided insightful critical appraisals and expertise and guidance in the selection of titles. Helpful subject, grade level, author, title, and illustrator indexes are organized for ease of use. Titles in the grade level and subject indexes are also identified by ethnic group.
