## Organic Machine:

**The Organic Machine** Richard White,2011-04-01 The Hill and Wang Critical Issues Series concise affordable works on pivotal topics in American history society and politics In this pioneering study White explores the relationship between the natural history of the Columbia River and the human history of the Pacific Northwest for both whites and Native Americans He concentrates on what brings humans and the river together not only the physical space of the region but also and primarily energy and work For working with the river has been central to Pacific Northwesterners competing ways of life It is in this way that White comes to view the Columbia River as an organic machine with conflicting human and natural claims and to show that whatever separation exists between humans and nature exists to be crossed    **The Organic Machine**
