

# WHAT IS LYRIC POETRY?

**Lyric poetry** is a form of poetic expression that focuses on the personal thoughts, emotions, and experiences of the poet.

It often explores themes of love, nature, beauty, and the human condition in a subjective and emotive manner.

Unlike narrative poetry, which tells a story, lyric poetry is more concerned with conveying the poet's inner feelings and perceptions.

It employs various literary devices such as imagery, metaphor, and symbolism to create vivid and evocative expressions of the poet's inner world.

**Analysis of Lyric Poetry** Peter Hühn,Jens Kiefer,2005 This study offers a fresh approach to the theory and practice of poetry criticism from a narratological perspective Arguing that lyric poems share basic constituents of narration with prose fiction namely temporal sequentiality of events and verbal mediation the authors propose the transgeneric application of narratology to the poetic genre with the aim of utilizing the sophisticated framework of narratological categories for a more precise and complex modeling of the poetic text On this basis the study provides a new impetus to the neglected field of poetic theory as well as to methodology The practical value of such an approach is then demonstrated by detailed model
