the process Swirski takes stock of the recent work in evolutionary theory arguing that the analysis of narrative truth may be grounded in the neo Darwinian paradigm which forms the empirical backbone behind his analytic approach Literature Analytically Speaking provides a series of revolutionary precepts designed to capture the ways in which we do interpret and ought to interpret works of literature Reflecting a resounding shift from the poststructuralist paradigm Swirski's lively and colorful presentation backed up by a dazzling variety of examples and case studies reconceptualizes the aesthetics of literature and literary studies
