Noguchi East West:

The East-West House Christy Hale, 2018-09-04 A biography of biracial sculptor designer landscape architect Isamu Noguchi focusing on his childhood in Japan and the building of an east west house that gave shape to his lifelong creative approach

Noguchi East and West Dore Ashton, 1993-09 An art history professor and author or editor of 30 books on art and culture maps the life of Japanese American sculptor and designer Isamu Noguchi 1904 1988 and his spiritual journey both in the events of his life and in the milestones of his art the sculptures gardens public spaces and stage decors that gained force and significance from Noguchi's double heritage Photographs

Modernity in East-West Literary Criticism Yoshinobu Hakutani, 2001-10 This collection of eleven essays concerns the movement of modernity in East West literary criticism Most of the contributions address particular cross cultural relationships such as W B Yeats's interest in the noh play Ezra Pound's imagism and the influence of Zen aesthetics on Western poetry The Western writers discussed range from Americans including Emerson Thoreau Faulkner Wright and Snyder to Europeans such as Marcel Proust The Eastern writers include Basho Tanizaki Lao Tzu Wan Wei Tagore and Yone Noguchi

Noguchi Isamu Noguchi, 2010 This book accompanies the first ever exhibition of work by Isamu Noguchi to be presented in Greece The exhibition includes sculpture drawings models and photographs illuminating the diversity of Noguchi's body of work and illustrating the ways in which the New York based Japanese American artist draws inspiration from cultures across the globe ILLUSTRATIONS 80 colour illustrations

East-West Literary Imagination Yoshinobu Hakutani, 2017-06-30 This study traces the shaping presence of cultural interactions arguing that American literature has become a hybridization of Eastern and Western literary traditions Cultural exchanges between the East and West began in the early decades of the nineteenth century as American transcendentalists explored Eastern philosophies and arts Hakutani examines this influence through the works of Emerson Thoreau and Whitman He further demonstrates the East West exchange through discussions of the interactions by modernists such as Yone Noguchi Yeats Pound Camus and Kerouac Finally he argues that African American literature represented by Richard Wright Ralph Ellison Alice Walker Toni Morrison and James Emanuel is postmodern Their works exhibit their concerted efforts to abolish marginality and extend referentiality exemplifying the postmodern East West crossroads of cultures A fuller understanding of their work is gained by situating them within this cultural conversation The writings of Wright for example take on their full significance only when they are read not as part of a national literature but as an index to an evolving literature of cultural exchanges

The Chinese May Fourth Generation and the Irish Literary Revival: Writers and Fighters Simone O'Malley-Sutton, 2023-10-06 This book examines how the early twentieth century Irish Renaissance Irish Literary Revival inspired the Chinese Renaissance the May Fourth generation of writers to make agentic choices and translingual exchanges

It sheds a new light on May Fourth and on the Irish Renaissance by establishing that the Irish Literary Revival 1900 1922 provided an alternative decolonizing model of resistance for the Chinese Renaissance to that provided by the western imperial center The book also argues that Chinese May Fourth intellectuals translated Irish Revivalist plays by W B Yeats Lady Gregory Se n O Casey and Synge and that Chinese peasants performed these plays throughout China during the 1920s and 1930s as a form of anti imperial resistance Yet this literary exchange was not simply going one way since Yeats Lady Gregory Synge and O Casey were also influenced by Chinese developments in literature and politics Therefore this was a reciprocal encounter based on the circulation of Anti colonial ideals and mutual transformation Selected English Writings of Yone Noguchi Yone Noguchi, Yoshinobu Hakutani, 1992-09-01 For information on similar titles please visit www.lexingtonbooks.com *Selected English Writings of Yone Noguchi* Yoné Noguchi, 1992 A collection of about a third of Japanese transcultural poet and critic Yone Noguchi s works in English between 1896 and 1940 focusing on the poetry the young immigrant wrote while living in the Sierra Mountains before the turn of the century and also poems he wrote in Japan in the early part of the twentieth century **The Conservator** ,1910 **Art in the Encounter of Nations** Bert Winther-Tamaki, 2001-01-01 Art in the Encounter of Nations is the first book length study of interactions between the Japanese and American art worlds in the early postwar years It brings to light a rich exchange of opinions and debates regarding the relationship between the art of the two nations The author begins with an examination of the Japanese margins of American Abstract Expressionism Taking a contrapuntal approach he investigates four abstract painters two Japanese artists who moved to the United States Okada Kenzo and Hasegawa Saburo and two European Americans whose work is often associated with Japanese calligraphy Mark Tobey and Franz Kline He then looks at the work of two young scions of the calligraphy and pottery worlds of Japan Morita Shiryo and Yagi Kazuo and argues that their radical innovations in these ancient arts were in part provoked by their sense of a threat posed by Euro American modernity The final chapter is devoted to the career of Japanese American sculptor and designer Isamu Noguchi whose feeling of affiliation was directed to both the U S and Japan in shifting ratios through a series of public and private places each posing unique opportunities for exploring national distinctions **Yone Noguchi** Meagan Karen Calogeras, 1978 **East Meets West** Joan McAuley, 1999 *The Theosophist* ,1915 **Selected English Writings** Yone Noguchi, 1992 Between Landscape Architecture and Land Art Udo Weilacher, 1999 Contemporary landscape architecture is progressing towards an appropriate and independent language of its own Drawing on the potentials of art and architecture the ever changing relationship between man and nature is given new expression Ecological concerns and aesthetic aspirations interact in a fruitful dialogue Particularly Land Art and related art movements become sources of inspiration and innovation The ground breaking works of the landscape artists and architects presented in this book reveal the diverse current trends in international landscape design This book offers many stimuli to design Its contents are not just for landscape architects wrote The architects journal With chapters on Dani
