Noir Style Alain Silver, 2013-10-16 In the world of film noir style becomes paramount wrote Paul Schrader in his seminal Notes on Film Noir

Neo-Noir Ronald Schwartz, 2005-08-04 According to many critics the era of Film Noir ended with the 1958 release of Orson Welles classic *Touch of Evil* The style was not dead but rather had been transformed and two years later Alfred Hitchcock ushered in a new era of Noir films with the release of his 1960 masterpiece *Psycho* Film scholar Ronald Schwartz examines the most significant representatives of this cinematic style beginning with Hitchcock's shocker and concluding with Michael Mann's *Collateral* 2004 Schwartz provides in depth analyses of over thirty of the best Neo Noir films and explains the qualities and characteristics of the new noir style He also explains how it differs from Film Noir of the forties and fifties As this study reveals the new style significantly impacted American film after 1960 In this chronological guide Schwartz examines such landmark films as *The Manchurian Candidate* 1962 *Point Blank* 1967 *The French Connection* 1971 *Chinatown* 1974 *Taxi Driver* 1976 *Body Heat* 1981 *Blood Simple* 1984 *Fatal Attraction* 1987 *The Grifters* 1990 *Reservoir Dogs* 1992 *The Usual Suspects* 1995 *L.A. Through a Noir Lens Sheri Chinen Biesen, 2024-06-18 *Shadows Smoke* Dark alleys Rain slicked city streets These are iconic elements of film noir visual style Long after its 1940s heyday noir hallmarks continue to appear in a variety of new media forms and styles What has made the noir aesthetic at once enduring and adaptable Sheri Chinen Biesen explores how the dark cinematic noir style has evolved across eras from classic Hollywood to present day streaming services Examining both aesthetics and material production conditions she demonstrates how technological and industrial changes have influenced the imagery of film noir When it emerged in the early 1940s the visual style's distinctive shadowy look was in part a product of wartime cinema conditions and technologies such as blackouts and nitrate film stock Since the 1950s technical developments from acetate film stock and new cameras and lenses to lighting color and digitization have shaped the changing nature of noir style Biesen considers the persistence of the noir legacy discussing how neo noirs reimagine

iconic imagery and why noir style has become a touchstone in the streaming era Drawing on a wealth of archival research she provides insightful analyses of a wide range of works from masterpieces directed by Billy Wilder and Alfred Hitchcock to New Hollywood neo noirs the Coen brothers revisionist films and recent HBO and Netflix series A groundbreaking technological and industrial history of an essential yet slippery visual style Through a Noir Lens shines a light into the shadows of film noir

One Hundred Film Noirs Jim Hillier,Alastair Phillips,2009-05-18 Film noir's popularity with cinema audiences enthusiasts and scholars has remained unabated since post war French critics began discerning a new trend in American film with the release of such stylish and atmospheric crime features as *Double Indemnity* and *Murder My Sweet* Many of Hollywood's greatest directors such as Fritz Lang and Robert Siodmak are now closely associated with film noir's psychologically acute observations of the darker contours of the American urban landscape Thanks to evocative cinematography sharp writing and powerful performances these films have had an enduring influence on international visual culture *100 Film Noirs* provides an authoritative overview of film noir past and present by examining its core films and themes and providing an accessible introduction to critical debates The book goes beyond the classical canon to examine the ways in which noir continues to have a diverse influence on American cinema It demonstrates the way that noir has intervened in other more established Hollywood genres and also considers numerous lesser known examples of the field Importantly *100 Film Noirs* has a strong international dimension and provides new and revealing insights into film noirs from France Germany Japan India Mexico and beyond *Projecting Paranoia* Ray Pratt,2001 A wide ranging and idiosyncratic look at sixty years of politics and film that uncovers how American movies have mirrored and even challenged anxieties and paranoid perceptions embedded in American society since the start of the Cold War The first book to take a sweeping look at 60 years of film and analyze them thematically *American Film Noir Genres, Characters, and Settings* Harold Hellwig,2023-03-20 *American Film Noir Genres Characters and Settings* argues that film noir style evolved out of American literature prior to the 1930s and continues to evolve long after the classic films that defined its presence in cinema While many critics suggest that the film noir tradition ceased after the mid 1950s labeling similar films produced later as neo noir Harold Hellwig contends that film noir itself has continued to evolve beyond cinema to include television series such as CSI

Have Gun Will Travel and Frasier among others Hellwig posits that rather than being a single genre in and of itself film noir comprises several genres including detective procedurals science fiction the Western and even comedy This book examines different elements of American film noir including the characters and settings it is often defined by and its contexts within different adaptations in both film and television Scholars of film studies American literature and media studies will find this book of particular interest

Hollywood Genres Thomas Schatz, 1981 Schatz analyzes the studio system and tells what film genres mean in a general and theoretical way Describing some important movie genres in Hollywood s Golden Era the Western the gangster film detective movies screwball comedies the musical and the family melodrama he surveys selected films and the work of directors associated with them

Dark Page Two Kevin Johnson, 2009 Following up on his well received bibliography of first edition sources for American film noir of the 1940s Kevin Johnson s new bibliography The Dark Page II explores the second half of the classic American period covering the years 1950 1965 Ground rules for noir style were by this time firmly established in Hollywood and new techniques and themes had emerged including location shooting and documentary style storytelling the incorporation of social issues into storylines the final years of the Production Code s stranglehold on film content and the influence of the style on Westerns melodramas and even science fiction Importantly too this era would see many of Hollywood s finest writers and directors blacklisted jailed or exiled as a result of McCarthy and the House Un American Activities hearings The literary sources that informed this era evolved as well with Hollywood taking a greater interest in the surprisingly literate novels that were being published as paid by the word paperback originals as well as hardcover titles being released by obscure and often short lived publishers The influence of the film industry on the book industry was felt in turn with stories being snatched up as film options as soon as they first appeared in magazines and newspapers sometimes resulting in a book publication that would never have occurred otherwise The Dark Page II is an essential volume in a continuing series of references that are projected to cover American screwball comedies European film noir and American crime films and dramas of the late 1960s and 1970s Full color photos of each first edition are featured as well as bibliographical points for each book and a bounty of factual information surrounding both the origins of the books and their subsequent film adaptations
