Excerpt from Old West Surrey Some Notes and Memories So many and so great have been the changes within the last half century that I have thought it desirable to note while it may yet be done what I can remember of the ways and lives and habitations of the older people of the working class of the country I have lived in almost continuously ever since I was a very young child It is the south western corner of the county of Surrey so near indeed to the actual corner that the adjoining portions of Hampshire and Sussex come within a radius of a very few miles and are considered as within the district After all geographical distinctions are purely arbitrary and only really appreciable on the map where they show in different colours whereas in the real world one steps without knowing it from Surrey into Hampshire on the dry heath land and out of Surrey into Sussex from one clay puddle into the next without being aware in either case that the land is called by another name The practical boundaries of our country that we commonly call West Surrey without any reference to parliamentary or other authorised divisions are the long chalk line of the Hog's Back on the north with its eastern prolongation beyond Guildford and the Weald of Sussex to the south About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
