*Oman Reborn* Linda Pappas Funsch, 2015-12-29 The Sultanate of Oman is one of the few good news stories to have emerged from the Middle East in recent memory This book traces the narrative of a little known and relatively stable Arab country whose history of independence legacy of interaction with diverse cultures and enlightened modern leadership have transformed it in less than fifty years from an isolated medieval style potentate to a stable dynamic and largely optimistic country At the heart of this fascinating story is Oman s sultan Qaboos bin Sa id friend to both East and West whose unique leadership style has resulted in both domestic and foreign policy achievements during more than four decades in office Exploring Oman from a historical perspective Funsch examines how the country s unique blend of tradition and modernization has enabled it to succeed while others in the region have failed Accounts of the author s own experiences with Oman s transformation add rich layers of depth texture and personality to the narrative **Oman** E.
