MacDonald, 2014-09-02 Funny thing about lies and secrets Lies always come back to haunt you Sometimes secrets can kill No matter how long ago they were told or how recent they never go away and they must always be confronted Sometimes lies can take you on a journey Entrenched in everyone's lies but his own a high school history teacher named Jack Bennett finds himself helping everyone deal with their demons past and present Lies and secrets take Jack on a journey from his home in Lowell Massachusetts through the streets of Baracoa Cuba With secrets of his own Jack's past and present life intertwine as he discovers Fidel Castro's brutal past and the conspiracy to kill John F Kennedy Worlds collide as Jack becomes reconnected with old friends in an effort to help his new friend confront her demons Murder revenge and redemption are the ingredients that make up the story called Moonlight Montecristo The pages come to life and also introduce an uncomfortable tale of those who would kill a President    **Pre-Incident Indicators**

**of Terrorist Incidents** Brent L. Smith, 2011 This is a print on demand edition of a hard to find publication Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning and if so could patterns of preparatory conduct be identified About one half of the terrorists resided, planned and prepared for terrorism relatively close to their eventual target The terrorist groups existed for 1-205 days from the first planning meeting to the date of the actual planned terrorist incident The planning process for specific acts began 2-3 months prior to the terrorist incident This study examined selected terrorist groups incidents in the U.S. from 1980-2002 It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents Illustrations
