Omnicide The Suicidal God:

Omnicide Sergeant Faler, 2004-06-01 Many are familiar with the Christian novel Lucifer is cast away from heaven for his rebellion his free thought but few know of the legend of Baron Semadi Voodoo God of Death The Almighty created him senior to all There is no one who will not pass through his gates He is divine justice Even Jehovah and Lucifer will bow before the Baron An American sniper dies in Vietnam and falls to hell With his discipline his rifle and pure determination he cleaves through the nightmare world He wants revenge for the injustices that God has put him through His mind is erased in a river born to clean souls He rises from amnesiac waters not as a soldier but as a god **Omnicide** Jason Bahbak

Mohaghegh, 2019-06-11 A fragmentary catalogue of poetic derangements that reveals the ways in which mania communicates with an extreme will to annihilation What kind of circumstances provoke an obsessive focus on the most minute object or activity And what causes such mania to blossom into the lethal conviction that everything must be annihilated There is no turning away from the imperative to study this riddle in all its mystifying complexity and its disturbing contemporary resonance to trace the obscure passage between a lone state of delirium and the will to world erasure A fragmentary catalogue of the thousand and one varieties of manic disposition augomania dromomania catoptromania colossomania Omnicide enters the chaotic imaginations of the most significant poetic talents of the Middle East in order to instigate a new discourse on obsession entrancement excess and delirium Placing these voices into direct conversation Jason Bahbak Mohaghegh excavates an elaborate network of subterranean ideas and interpretive chambers byways and burrows by which mania communicates with fatality Like secret passages leading from one of the multitudinous details of a bustling Persian miniature to the blank burning immanence of the desert each is a contorted yet effective channel connecting some attractive universe of adoration worship or astonishment to the instinct for all engulfing oblivion through hatred envy indifference rage or forgetting A captivating fractal of conceptual prisms in half storytelling half theoretical prose a rhythmic poetic insidious work that commands submission Omnicide absorbs the reader into unfamiliar and estranging landscapes whose every subtle euphoric aspect threatens to become an irresistible invitation to the end of all things **Justin Gale Deals with Death** Reece Hauxby, 2010 *Fighting Suicide Bombing* Israel W. Charny, 2006-11-30

How does one effectively fight suicide bombers What threat do they hold for Western society How do people who love peace reconcile the need for war Noted genocide expert Israel W Charny addresses these questions in this highly personal description of suicide bombings and terror as the opening salvos of a Third World War Charny first seeks to understand what makes suicide bombers tick as well as the culture from which they emerge Taking this understanding of what he calls human evil he then proposes a hawkish campaign that ultimately emphasizes peace rather than irrational fear By deeming suicide bombing and terrorism as necessary subjects in the study of psychology Charny presents yet another weapon in the war against terrorism a war that he believes will only escalate without drastic action Ultimately he calls for a worldwide

campaign for life led by religious and secular leaders across the globe He concludes the book with a vignette from Islamic culture that speaks nobly to furthering peace and life

Elemental Disappearances Jason Bahbak Mohaghegh, Dejan Lukić, 2016-11-28 Elemental Disappearances casts a wanderer's eye upon an ever expanding configuration of sites of disturbance The things sought after are apparitional they appear and disappear at will they perfect the art of materialization and vanishing Such is the nature of living dangerously and with it the short duration of enchantment This collection tracks provocative ideas artifacts and phenomena rising and fading across different territories of the contemporary world Through a constellation of powerful thought images the authors uncover spaces of an ephemeral and fugitive nature in order to generate a fractal vision of our time and beyond back cover
