Volkman,2005-01-01 Victor Volkman has created a tool that takes the mystery out of one of the more remarkably effective clinical procedures in a way that can help millions of people revitalize and improve their lives To those desperate people who have experienced trauma or tragedy this process is a pathway to dealing with their feelings and getting on with their lives In the new book Beyond Trauma Conversations on Traumatic Incident Reduction Volkman presents a series of conversations with a wide range of people from many different backgrounds and experiences Each provides his or her perspective on Traumatic Incident Reduction or TIR for short The book explains the techniques used by professionals and patients to help people sort out resolve and overcome the negative effects of painful suffering Untold countless people have

to deal with trauma in a wide variety of situations. Soldiers who experience war or injury, families dealing with death, chemical or substance abuse, parental neglect, child or sexual abuse, terrorism, crime and punishment. Beyond Trauma Conversations on Traumatic Incident Reduction (TIR) is unique in that it addresses both people suffering from the effects of traumatic stress and the practitioners who help them. This method has been effective in dealing with many areas of trauma including Post Traumatic Stress Disorder (PTSD) in such diverse groups as veterans, children, 9/11 survivors, motor vehicle accident and sexual abuse survivors. TIR is a brief, one-on-one, non-hypnotic, person-centered, simple and highly structured method for permanently eliminating the negative effects of past traumas. Contributors include world renowned experts in traumatology including Windy Dryden, PhD, Joyce Carbonell, PhD, and TIR's developer, Frank A. Gerbode, MD. Beyond Trauma highlights stories of TIR helping survivors to regain control of their lives. This book will be life changing not only for survivors of traumatic incidents but also for the professionals committed to helping them. Not in 30 years of practice have I used a more remarkably effective clinical procedure, Robert H. Moore, PhD. What people are saying about this book: Beyond Trauma Conversations on Traumatic Incident Reduction is an excellent resource to begin one's mastery in this area of practice. Michael G. Tancyus, LCSW, DCSW, Augusta Behavioral Health. I have found Beyond Trauma to be EXCEPTIONALLY HELPFUL in understanding and practicing TIR in broad and diverse areas of practice not just in traditional trauma work. The information from various points of view is really priceless. Gerry Bock, Registered Clinical Counsellor, B.C., Canada. Beyond Trauma offers PTSD sufferers a glimpse at a light at the end of the tunnel while providing mental health workers with a revolutionary technique that could increase their success rate with traumatized clients. Jeni Mayer, Body Mind Spirit Magazine. Having read the book I feel that I have already become better at working with distressed clients. Bob Rich, PhD.

**Beyond Belief** Jenna Miscavige Hill, Lisa Pulitzer, 2013-02-05. Jenna Miscavige Hill, niece of Church of Scientology leader David Miscavige, was raised as a Scientologist but left the controversial religion in 2005. In *Beyond Belief*, she shares her true story of life inside the upper ranks of the sect, details her experiences as a member of Sea Org, the church's highest ministry, speaks of her disconnection from family outside of the organization, and tells the story of her ultimate escape. Piercing the veil of secrecy that has long shrouded the world of Scientology, this insider

reveals unprecedented firsthand knowledge of the religion its obscure rituals and its mysterious leader David Miscavige From her prolonged separation from her parents as a small child to being indoctrinated to serve the greater good of the Church from her lack of personal freedoms to the organization's emphasis on celebrity recruitment Jenna goes behind the scenes of Scientology's oppressive and alienating culture detailing an environment rooted in control in which the most devoted followers often face the harshest punishments when they fall out of line Addressing some of the Church's most notorious practices in startling detail she also describes a childhood of isolation and neglect a childhood that painful as it was prepared her for a tough life in the Church's most devoted order the Sea Org Despite this hardship it is only when her family approaches dissolution and her world begins to unravel that she is finally able to see the patterns of stifling conformity and psychological control that have ruled her life Faced with a heartbreak choice she mounts a courageous escape but not before being put through the ultimate test of family faith and love At once captivating and disturbing Beyond Belief is an eye opening exploration of the limits of religion and the lengths to which one woman went to break free
