

## On Moore

**M Walker**

## On Moore:

**Moore's Paradox** Ulla Schmid, 2014-10-29 Representationalism grasps the meaning and grammar of linguistic expressions in terms of reference that is as determined by the respective objects concepts or states of affairs they are supposed to represent and by the internal structure of the content they articulate As a consequence the semantic and grammatical properties of linguistic expressions allegedly reflect the constitution of the objects they refer to Questions concerning the meaning of particular linguistic expressions are supposed to be answerable by investigating the metaphysics of the corresponding phenomena Accordingly questions of the meaning of psychological concepts are turned into questions of the nature of psychological states Concerned with Moore's Paradox representationalist approaches lead into an investigation of the state of affairs supposedly described by Moore paradoxical assertions and thus eventually into investigations concerning the metaphysics of belief This book argues that this strategy necessarily yields both a wrong solution to Moore's Paradox and an inadequate conception of the meaning of the expression I believe Turning to the metaphysics of belief is of no use when it comes to understanding either the meaning of the expression I believe or the logic of avowals of belief Instead it proposes to focus on the role they play in language the ways in which they are used in practice

Boyd's Directory of Washington & Georgetown , 1867

Milcah Martha Moore's Book Catherine La Courreye Blecki, 2007-12-19 Milcah Martha

Moore 1740 1829 lived and flourished in the Philadelphia area during its peak when it was the center of commerce politics social life and culture in the young republic A well educated woman disowned by her Quaker Meeting for an unauthorized marriage Moore knew and corresponded with many of the leading lights of her day From her network of acquaintances she created a commonplace book which is published here for the first time Moore compiled her commonplace book during the American Revolution carefully selecting works of poetry and prose that she and her friends most enjoyed reading and wanted to remember Contained are 126 works of prose and poetry by at least sixteen different authors mostly women Catherine Blecki and Karin Wulf have edited and reproduced the entire collection adding helpful annotations and interpretive essays that set the collection in historical and literary context Moore's Book will be a treasure trove for feminist and early American scholars for it includes two of the most avidly sought after bodies of writing from British America sixteen new poems twenty four in all by the Quaker polymath Susanna Wright and a previously lost portion of the journal kept by Elizabeth Graeme Fergusson during her trip to England There is also a remarkable selection of pieces by Hannah Griffitts the Quaker moralist and wit who commented on politics society and domesticity during the Revolution Moore also included writings by Benjamin Franklin Patrick Henry and Samuel Fothergill While scholars have speculated about the extent to which elite women exchanged ideas through reading and writing during this period Moore's Book is the richest surviving body of evidence revealing the nature and substance of women's intellectual community in British America The quality of the writing is high and reflects a range of popular literary genres including religious and meditational poetry elegies verse epistles and

extempore verse hymns occasional poems letters and journal writing Topics range from family and friends to religion and mortality to politics and war belying the notion that women's concerns were limited only to a domestic sphere Taken as a whole Moore's collection presents an unparalleled view of the interests and tastes of educated women in early America

*Apparition of Splendor* Elizabeth Gregory, 2021-08-13 Apparition of Splendor looks in depth at Marianne Moore's elaborately constructed multi dimensional poems of her 1950s 60s celebrity phase in which cross dressed as George Washington she presented her poetry as part of a comedic performance This biography shows how her poems challenge the highbrow hierarchy of art and invite the readers into the process of making meaning out of their daily lives
