The Poltergeist Roll, William G.,2004-03 One bit a woman leaving puncture wounds all over her body Another attacked the contents of a warehouse full of glasses and mugs Yet another lifted furniture into the air then sent objects flying in another house These are some of the strange and sometimes terrifying cases collected by poltergeist investigator William Roll A parapsychologist Roll studies these noisy ghosts to understand what they are and why they do what they do      *On Poltergeists* Frank Podmore,2005-12 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work      *Poltergeist* Colin Wilson,2010-11-08 Crashing noises and disembodied voices coming from nowhere and everywhere at once Invisible tormentors slapping and pinching and pulling hair Fires starting spontaneously pools of water materializing out of thin air pots and pans and knives and knick knacks flying through the room These are the hallmarks of the poltergeist phenomenon In this classic book on destructive hauntings Colin Wilson renowned authority on the paranormal examines the evidence and develops a definitive theory of the poltergeist phenomenon Countless true life cases of poltergeist infestations have been recorded since the days of ancient Greece and Rome to the present But what are poltergeists Where do they come from And why do they appear in our world From the case of a black robed monk that terrorized a family for years to the investigation of a talking mongoose to true stories of gnomes sorcerers witches and demons this guide explores a bone chilling gallery of the mysterious entities known as poltergeists      **Poltergeists** ,1979 Introduces the reader to poltergeist literature in the form of over 1100 references drawn from books research papers journals and magazines published between 1882 and 1975

**Poltergeists** Michael Clarkson,2006 A compelling examination of poltergeist phenomena At least thirty five police officers around the world in at least thirteen separate cases dating back to 1952 claim to have witnessed some form of poltergeist activity Nine of them were assaulted by what they say was a poltergeist but none was seriously injured and no one has been charged nor have the mysteries been solved definitively There are numerous cases of hauntings studied throughout the world every year many of which hold up to close scrutiny Poltergeists takes a look at a number of these in depth case studies An eleven year old boy inhabited by a poltergeist who causes photographs to become moving pictures and elevates a chair with a police officer sitting on it Fourteen year old Tina Resch who with her anger appears to make glasses airborne move tables and send telephones flying The Hodgson family who are terrorized by flying Lego pieces that are hot to the touch and furniture that moves of its own accord usually in the presence of eleven year old Janet Eleven year old Virginia Campbell who seems to cause heavy furniture to move at home and desks to float at school always in twenty eight day cycles A twelve year old Kentucky boy who subconsciously moves heavy objects in the presence of two parapsychologists watching him

closely for signs of trickery For his investigations Clarkson interviewed hundreds of witnesses paranormal experts psychologists professors magicians and skeptics While it may raise as many questions as it answers Poltergeists is an undeniably fascinating study of the paranormal      *On The Trail of the Poltergeist* Nandor Fodor,2023-01-27 A phantom hammer shattered cups and wineglasses with a sharp ping ancient Roman lamps appeared from nowhere mysterious scents sometimes the sweet fragrance of violets sometimes the pungent smell of wild animals hung in the air an elaborate Oriental necklace dropped as if by magic around the neck of Mrs Pat Forbes searing her with its heat the claw marks of a tiger appeared on her body This was a Poltergeist haunting perhaps the most famous of modern times GHOST WRECKS HOME FAMILY TERRORIZED newspaper headlines proclaimed Reporters sent to cover the case had to dodge flying crockery and eggs two of them narrowly escaped being crushed under a toppling wardrobe The scene was Thornton Heath a middle class suburb of London The leading characters were vivacious Mrs Forbes around whom the furor seemed to center her husband her son and their crippled lodger Psychoanalyst Nandor Fodor then Director of Research for the International Institute for Psychical Research welcomed this opportunity to make an investigation in depth of a Poltergeist haunting His first task was to record the disturbances and make sure they actually occurred that is that they were neither practical jokes nor the fantasies of hysterical observers His second task was to analyze the phenomena on a psychological basis This book tells the suspenseful story of that investigation the careful exposing of deliberate fraud by Mrs Forbes and the isolating of instances that could not possibly be faked both of equal interest from a psychiatric point of view the probing deep into Mrs Forbes s past in search of the sexual trauma that produced the Poltergeist psychosis No less an authority than Sigmund Freud read an early draft of this book and found himself richly rewarded      **The South Shields Poltergeist** Darren W. Ritson,2020-10-23 In December 2005 a family began to experience poltergeist like phenomena in their home Slowly but steadily the phenomena escalated and in July 2006 the authors were asked to investigate This book is a chilling diary of an ongoing poltergeist case which the authors believe rivals any previously documented      **Poltergeists** Alan Gauld,A. D. Cornell,1979

**Poltergeists** Stuart A. Kallen,2005 Throughout history mischievous ghosts called poltergeists have been blamed for a wide range of bizarre pranks including throwing heavy objects starting fires and causing floods They have also been said to possess and even kill their victims Poltergeists examines these mysterious phenomena providing quotes from skeptics poltergeist hunters mediums and even the victims themselves      **Poltergeist: Forces That Defy Explanation** Vikki Strack, In the annals of the paranormal few phenomena have captivated the human imagination as profoundly as poltergeists These restless spirits often characterized by their disruptive and unpredictable behavior have been a source of both terror and fascination for centuries From inexplicable object movements to eerie sounds and unsettling apparitions poltergeists continue to defy explanation leaving behind a trail of unanswered questions and unsettling experiences This book Poltergeist Forces That Defy Explanation is an exploration into the depths of this enigmatic phenomenon We will embark on a journey

through time examining historical accounts and famous cases that have captivated the world We will delve into the scientific theories that attempt to unravel the mysteries behind poltergeist activity exploring the possibilities of psychokinesis environmental factors and the influence of human emotion And we will hear firsthand accounts from those who have encountered these restless spirits learning about the profound impact these experiences have on their lives Through meticulous research compelling storytelling and an open mind we will unravel the unsettling truth behind poltergeists This exploration will challenge our understanding of the world prompting us to question the boundaries between the seen and unseen Join me as we delve into the darkness and seek answers to the enigmatic mysteries surrounding poltergeist activity
