## **On A Positive Note:**

*On a Positive Note* Nathan Pelle, Unlimited Mindz, 2018-10 Positive thoughts can let you focus on the brighter side of life A positive person can enjoy happiness and success since he believes that he can easily overcome all the obstacles and difficulties that come his way Not all people generally agree upon positive thinking In fact some people consider it as a nonsense However there are a number of people who believe in its effectiveness If you want to use this in your life then you must practice the attitude of positive thinking in everything that you do Negative thinking can be a habit of mind Thoughts sink in and linger there until you take action to get rid of them **The Power of a Positive No** William Ury, 2007-02-27 A practical three step method for saying no in any situation without losing the deal or the relationship from the author of Possible and Getting Past No In this wonderful book William Ury teaches us how to say No with grace and effect so that we might create an even better Yes Jim Collins author of Good to Great In *The Power of a Positive No* William Ury of Harvard Law School's Program on Negotiation teaches you how to take the next step toward getting what you want It all begins with the most powerful and perhaps most important word in any situation No But saying the wrong kind of No can destroy what we value and alienate others That's why saying No the right way to people at work at home and in our communities is crucial You'll learn how to Assert your own interests while respecting the other side's Use power effectively Defuse the other side's attack manipulation and guilt tactics Reduce stress and anxiety Develop healthier relationships Stand up for yourself without stepping on the other person's toes In today's world of high stress and limitless choices the pressure to give in and say Yes grows greater every day producing overload and overwork expanding e-mail and eroding ethics Never has No been more needed And with *The Power of a Positive No* we can learn how to use No to profoundly transform our lives by enabling us to say Yes to what counts our own needs values and priorities
