*Jung on Astrology* C. G. Jung, 2017-09-05 Jung on Astrology brings together C G Jung's thoughts on astrology in a single volume for the first time significantly adding to our understanding of Jung's work. Jung's Collected Works seminars and letters contain numerous discussions of this ancient divinatory system and Jung himself used astrological horoscopes as a diagnostic tool in his analytic practice. Understood in terms of his own psychology as a symbolic representation of the archetypes of the collective unconscious, Jung found in astrology a wealth of spiritual and psychological meaning and suggested it represents the sum of all the psychological knowledge of antiquity. The selections and editorial introductions by Safron Rossi and Keiron Le Grice address topics that were of critical importance to Jung such as the archetypal symbolism in astrology, the precession of the equinoxes and astrological ages, astrology as a form of synchronicity and acausal correspondence, the qualitative nature of time and the experience of astrological fate, allowing readers to assess astrology's place within the larger corpus of Jung's work and its value as a source of symbolic meaning for our time. The book will be of great interest to analytical psychologists, Jungian psychotherapists and academics and students of depth psychology, Jungian and post-Jungian studies as well as to astrologers and therapists of other orientations especially transpersonal.

## **Insight On Astrology III**

Lamar J. Young, 2020-09-18 Who are you? Who are they? Who are we? Why did this happen? And where do we go from here? These are the kinds of questions commonly asked as we try to find meaning, meaning in our purpose and meaning in our existence. Our species is engaged in a continual evolutionary process that causes us to question not only other humans and the things happening around us but also ourselves. Examining intent and motivation is a key component in the process of unraveling the mysteries associated with our existence in the here and now. The Insight on Astrology series is a tool we can utilize in getting answers and understanding context. Rooted in the tenets of metaphysics, this book, along with Young's two prior books, What's the Deal with My Sign and What's the Deal with Your Sign, is a part of a library of resources that may make you, as well as others, appreciate astrology where seeking a deeper meaning beyond the generic and arbitrary is the ultimate goal. Given some of the rather profound challenges our species faces as we move further into the twenty-first century, your letting the Insight on Astrology III: Your Access and Guide to Context book be a part of your reading selection is indeed a
