**On Bullshit** Harry G. Frankfurt, 2025-08-05 Over one million copies sold worldwide The international and 1 New York Times bestseller The anniversary edition of the acclaimed book that reveals why bullshit is more dangerous than lying One of the most prominent features of our world is that there is so much bullshit Yet we have no clear understanding of what bullshit is how it is different from lying what purposes it serves and what it means In his acclaimed bestseller *On Bullshit* which was featured on The Daily Show and 60 Minutes Harry Frankfurt who was one of the world's most influential moral philosophers explores one of the most serious problems of our politics and our world This twentieth anniversary edition features a postscript in which Frankfurt emphasizes that indifference to the truth is extremely dangerous With his characteristic combination of philosophical acuity psychological insight and wry humor Frankfurt argues that bullshitters misrepresent themselves to their audience not as liars do that is by deliberately making false claims about what's true Rather bullshitters seek to convey a certain impression of themselves without being concerned about whether anything at all is true They quietly change the rules governing the conversation so that claims about truth and falsity are irrelevant Although bullshit can take innocent forms excessive indulgence in it can eventually undermine the bullshitter's capacity to tell the truth in a way that lying doesn't Liars at least acknowledge that the truth matters Because of this Frankfurt says bullshit is a greater enemy of the truth than lies are Remarkably prescient and insightful *On Bullshit* is a small book that explains a great deal about our time

*On Bullshit* Harry G. Frankfurt, 2005-01-01 Presents a theory of bullshit how it differs from lying how those who engage in it change the rules of conversation and how indulgence in bullshit can alter a person's ability to tell the truth

*On Truth* Harry Frankfurt, 2006-10-31 Having outlined a theory of bullshit and falsehood Harry G Frankfurt turns to what lies beyond them the truth a concept not as obvious as some might expect Our culture's devotion to bullshit may seem much stronger than our apparently halfhearted attachment to truth Some people professional thinkers won't even acknowledge true and false as meaningful categories and even those who claim to love truth cause the rest of us to wonder whether they too aren't simply full of it Practically speaking many of us deploy the truth only when absolutely necessary often finding alternatives to be more saleable and yet somehow civilization seems to be muddling along But where are we headed Is our fast and easy way with the facts actually crippling us Or is it all good Really what's the use of truth anyway With the same leavening wit and commonsense wisdom that animates his pathbreaking work *On Bullshit* Frankfurt encourages us to take another look at the truth there may be something there that is perhaps too plain to notice but for which we have a mostly unacknowledged yet deep seated passion His book will have sentient beings across America asking The truth why didn't I think of that

**On Truth** Harry Frankfurt, 2006-10-31 Having outlined a theory of bullshit and falsehood Harry G Frankfurt turns to what lies beyond them the truth a concept not as obvious as some might expect Our culture's devotion to bullshit may seem much stronger than our apparently halfhearted attachment to truth Some people

professional thinkers won't even acknowledge true and false as meaningful categories and even those who claim to love truth cause the rest of us to wonder whether they too aren't simply full of it. Practically speaking many of us deploy the truth only when absolutely necessary often finding alternatives to be more saleable and yet somehow civilization seems to be muddling along. But where are we headed? Is our fast and easy way with the facts actually crippling us? Or is it all good? Really what's the use of truth anyway? With the same leavening wit and commonsense wisdom that animates his pathbreaking work *On Bullshit* Frankfurt encourages us to take another look at the truth there may be something there that is perhaps too plain to notice but for which we have a mostly unacknowledged yet deep seated passion. His book will have sentient beings across America asking 'The truth why didn't I think of that?' *Bullshit and Philosophy* Gary L. Hardcastle, George A. Reisch, 2011-09-30

Popular interest in bullshit and its near relative truthiness is at an all time high but the subject has a rich philosophical history with Hobbes Locke Hume and Kant all weighing in on the matter. Here contemporary philosophers reflect on bullshit from epistemological ethical metaphysical historical and political points of view. Tackling questions including what is bullshit what does it do is it a passing fad and can it ever be eliminated the book is a guide and resource for the many who find bullshit worth pondering. **On Bullshit** Harry Frankfurt, **The Business of Bullshit** Graham Edmonds, 2006

Modern life is full of BS so much so that sometimes it's hard to know where to draw the line. Edmonds offers hilarious explanations of over five hundred commonly used BS words and phrases from consulting marketing politics and sports. **The Soft Revolution** Neil Postman, Charles Weingartner, 1973 New York Court of Appeals. Records and Briefs. New York (State)., **Burnt Out** Victoria Brookman, 2022-01-01

How do you start again when your life is a smoking ruin? She lost everything in a bushfire and became the celebrity face of climate change. But is fame and living with a billionaire all it's cracked up to be? A warm and witty story for our times. Here's to rising from the ashes. Calida Lyons is having a very bad week. She's long past deadline for her still unwritten second novel her husband has just left her and her Blue Mountains community is being threatened by bushfires. Just as she hits rock bottom she's forced to shelter with neighbours while a fire incinerates everything she owns. Devastated and emotional in front of news cameras Cali delivers a blistering unfiltered rebuke to the nation's rich to do something. Her rant goes viral and she quickly becomes the latest celebrity face of the climate movement. Soon she's offered a harbourside refuge by handsome tech billionaire Arlo Richard her publisher is delighted with the new novel she's writing and she's the darling of high society. But things aren't as they seem. It's all built on lies and Cali's pretty sure that the precarious house of cards she's built is about to come tumbling down. The story zings along with plenty of laugh out loud moments great characters and page turning tension. It also has a huge heaping of heart and wisdom thrown into the mix making this a wonderful read. *The Australian* Has everything you want in a summer read a page turning plot intriguing characters with wonky moral compasses and enough political heart to make you feel like you've done something good for the world just by reading it. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and thrilling novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
