

The image is a motivational poster. It features a background of a sunset or sunrise over a mountain range. The sky is a gradient of deep blue at the top, transitioning through purple and orange near the horizon. The mountains are silhouetted against the bright light of the sun. The foreground is filled with a layer of white clouds. The text 'CHOOSE HAPPINESS' is written in a large, bold, white, sans-serif font. The word 'CHOOSE' is on the top line, and 'HAPPINESS' is on the bottom line. There are several white, stylized lines radiating from the top right of the word 'CHOOSE' and the bottom left of the word 'HAPPINESS', giving the impression of a bright light or a spark. The overall mood is peaceful and inspiring.

## On Happiness:

**On Happiness** Camilla Nelson, Deborah Pike, Georgina Ledvinka, 2015 What is happiness and how does the pursuit of happiness shape our lives Happiness appears to be a simple emotion individual and pleasurable yet the problems associated with happiness in politics economics and philosophy suggest that it is perhaps more complex and paradoxical than we first thought This eclectic collection of essays interrogates the common sense understanding of happiness in the West and examines the strategies devised to obtain it Without disposing of the concept altogether the book rediscovers the latent aspects of this pervasive and elusive phenomenon Ultimately it concludes that our current notions of happiness may in fact be the very cause of our discontent On Happiness offers readers a spectrum of critical reflections and rethinks of this ubiquitous cultural obsession Librarians ebook available on ProQuest and EBSCO Subject Philosophy Sociology Popular Culture

Stumbling on Happiness Daniel Gilbert, 2006-05-02 NATIONAL BESTSELLER Bringing to life scientific research in psychology cognitive neuroscience philosophy and behavioral economics this witty accessible book reveals what scientists have discovered about the uniquely human ability to imagine the future and about our capacity to predict how much we will like it when we get there Why are lovers quicker to forgive their partners for infidelity than for leaving dirty dishes in the sink Why will sighted people pay more to avoid going blind than blind people will pay to regain their sight Why do dining companions insist on ordering different meals instead of getting what they really want Why do pigeons seem to have such excellent aim why can't we remember one song while listening to another and why does the line at the grocery store always slow down the moment we join it In this brilliant book renowned Harvard psychologist Daniel Gilbert describes the foibles of imagination and illusions of foresight that cause each of us to misconceive our tomorrows and misestimate our satisfactions With penetrating insight and sparkling prose Gilbert explains why we seem to know so little about the hearts and minds of the people we are about to become
