On Love:

Lacan on Love Bruce Fink, 2017-09-05 Quintessentially fascinating love intrigues and perplexes us and drives much of what we do in life As wary as we may be of its illusions and disappointments many of us fall blindly into its traps and become ensnared time and again Deliriously mad excitement turns to disenchantment if not deadening repetition and we wonder how we shall ever break out of this vicious cycle Can psychoanalysis with ample assistance from philosophers poets novelists and songwriters give us a new perspective on the wellsprings and course of love Can it help us fathom how and why we are often looking for love in all the wrong places and are fundamentally confused about what love really is In this lively and wide ranging exploration of love throughout the ages Fink argues that it can Taking within his compass a vast array of traditions from Antiquity to the courtly love poets Christian love and Romanticism and providing an in depth examination of Freud and Lacan on love and libido Fink unpacks Lacan s paradoxical claim that love is giving what you don t have He shows how the emptiness or lack we feel within ourselves gets covered over or entwined in love and how it is possible and indeed vital to give something to another that we feel we ourselves don t have This first ever commentary on Lacan s Seminar VIII Transference provides readers with a clear and systematic introduction to Lacan s views on love It will be of great value to students and scholars of psychology and of the humanities generally and to analysts of all persuasions [Meet Me on Love Street](#)

Farah Heron, 2025-06-10 Seventeen year old Sana a hopeless romantic teams up with the cynical Miles to plan a festival to save her gentrifying neighborhood on Love Street all while trying to prove that love can conquer even the toughest of hearts **Teachings on Love** Thich Nhat Hanh, 2002-12-09 Thich Nhat Hanh s timeless meditations on love family and friendship with step by step practices for cultivating intimacy in your relationships Weaving together traditional stories personal experiences and a deep understanding of the Buddha s way of mindful living Thich Nhat Hanh provides step by step practices that foster understanding and intimacy in any relationship and extend our love even to those that cause us pain Teachings on Love is a treasure trove of guidance for couples co workers or friends who wish to nourish the gift and strength of their relationships and deal creatively with their weaknesses and difficulties We all yearn to experience a love that is deeper and more joyful Teachings on Love provides a time tested path that anyone can follow to nurture the deepest love in ourselves and others *On Love and Tyranny* Ann Heberlein, 2021-01-05 In an utterly unique approach to biography On Love and Tyranny traces the life and work of the iconic German Jewish intellectual Hannah Arendt whose political philosophy and understandings of evil totalitarianism love and exile prove essential amid the rise of the refugee crisis and authoritarian regimes around the world What can we learn from the iconic political thinker Hannah Arendt Well the short answer may be to love the world so much that we think change is possible The life of Hannah Arendt spans a crucial chapter in the history of the Western world a period that witnessed the rise of the Nazi regime and the crises of the Cold War a time when our ideas about humanity and its value its guilt and responsibility were formulated Arendt s thinking is intimately entwined with her

life and the concrete experiences she drew from her encounters with evil but also from love exile statelessness and longing This strikingly original work moves from political themes that wholly consume us today such as the ways in which democracies can so easily become totalitarian states to the deeply personal in intimate recollections of Arendt s famous lovers and friends including Heidegger Benjamin de Beauvoir and Sartre and to wider moral deconstructions of what it means to be human and what it means to be humane On Love and Tyranny brings to life a Hannah Arendt for our days a timeless intellectual whose investigations into the nature of evil and of love are eerily and urgently relevant half a century later
