The Rising Jeff Selver, 2022-01-14

The Rising. It's not to dominate you. It's to change societal structures that benefit you and to change societal structures that benefit nature. There are ways that are very advanced for a society to coexist but they are reorientations of your sense of Self because they involve consciousness technology. The Elder. Get ready for a Grey alien presence on planet Earth. This is not a story for the faint of heart. The threat to Earth isn't aliens, it's humans. Jeff Selver, MBA, did not think of himself as an aliens and UFO guy. He was a financial advisor for a bank and worked in sales. Yet a bizarre and unexplainable traumatic event which occurred to him in his young adult years came back to haunt him. When he began investigating its cause the same lights in the sky associated with the bizarre event from his past appeared just as they did twenty years prior. At this point he knew the experience was associated with an otherworldly presence. Suddenly at the age of 41 screen memories came to light and broken memories of unbelievable alien contact events began opening up. He would learn the details of this traumatic event that happened as a young adult matched what is now understood as a genetic activation. Understanding its origins opened a lifetime of obscured memories of alien contact. He then proved to himself that his memories were real by having knowledge about places in nature he had never been and corroboration which continues to this day of unique similarities between his contact events and so many other contactees some details too specific to have been made up by his mind. He then began piecing together his story and his involvement with Grey aliens. Armed with a unique ability to recall his obscured memories in detail in part facilitated by the genetic activation passing a lie detector test and videos of UFOs flying outside his apartment while he wrote his book which can be seen on his website www.jeffselver.com. Jeff tells his story. In December of 1997 Jeff experienced the Rising which was an agreement with Grey aliens to discover his soul. It was an intense consciousness raising event coupled with a genetic activation. The Rising required him to take a leap of faith sell all his possessions and begin a life traveling from place to place. What unfolds is truly an epic adventure of removal from society chance meetings with people and living close to nature all while having contact events with Grey aliens.

without his knowing This is Into the Wild the alien contact version complete with paranormal events encounters with strange objects in the sky and with beings from beyond In summary it is 26 contact events with Grey aliens told in amazing detail and spread out from the years 1993 to 2017 It s a story that purposely highlights and explores the complex nature of the Greys including the biological abductions the high consciousness experiences their advanced consciousness technology their ability to see the future their love for genetics and making bodies the merging of human and Grey DNA the Federation of Planets and multiple species and plethora of bases on Earth in space and on other planets within the solar system Fundamentally Jeff was shown that what humans understand about spirituality life after death dimensions God the soul and psychic powers are just the beginning of what these beings are all about And that their capacity understanding and utilization of these is much greater than humans can imagine Jeff s story shows that the only way we will ever be able to understand the Greys is to understand the power of our own personal spiritual potential To assist with this they gave him a manual of high spirituality addressed to humans he calls the Mystic Book But by the end the message from them becomes clear we need to get ready for a Grey alien presence on our planet *The Goofies Tear Down Their House* Amishi Seth, 2016-12-17 The crazy adventures of a madcap family The ever in a hurry Goofies need to renovate their house And of course the only one who agrees to take up the job is none but the slowest handyman around town Mr Workslow But he s yet to arrive and the Goofies can t wait to get started So after much heaving out come all their worldly goods in a battered and mangled heap of wood cloth metal plastic glass err yeah they re definitely going to need new furniture And unknown to the nutty family stashed in their dump yard from hell is the extravagant loot of Petersville s unwelcome visitors a gang of hapless thieves Yeah they are going to need some reinforcements too if they hope to bumble their way out of this mess **The Quest For Alien Planets** Paul Halpern, 1997-08-21 Details the important discoveries of the first known worlds beyond the solar system explores the search for planets similar and alien to Earth **Mars Station Mission. 4244-4248 AD.
