Heal Your Relationship Indra Torsten Preiss, 2015-10-24 With a lot of patience understanding and soul wisdom Indra takes you to the root causes of relationship problems Drawing on his extensive experience as a facilitator of family and relationship constellations he shows you what is causing relationships to run off the rails and how to heal them By being loyal we unconsciously carry over behavioral patterns and attitudes from our ancestors These loyalties often have a huge impact on our couple relationship to an extent you could never have imagined Our ancestors leave us with a kind of blueprint or mind set about life and relationships This mind set is a major determining factor in whether our relationships turn out to be happy Lasting change will come about only if you become aware of these loyalties and learn to let go of destructive behaviors and attitudes inherited from your ancestors Integrating the wisdom of *Heal Your Relationship* in your life will give you the power and insights to heal yourself and of course improve your relationship skills Drawing on his extensive experience as a therapist and a spiritual teacher Preiss helps the reader to Recognize what it takes to make your relationship work and to grow healthy lasting nurturing and fulfilling relationships Understand the root of all marriage and relationship problems and unlocking the key to solving and fixing relationship and marriage problems Learn how to end painful relationship patterns and how to heal and transform your relationship from within Heal from the emotional wounds of the past and stop self sabotage from improving or saving your relationship or marriage *Art of Relationship* Ron Reynolds, Denny

Reynolds, 2006-07 *Art of Relationship* The New Perspective transforms traditional marriage This book reveals how to enhance your relationship by turning it into a Spiritual Partnership An inner sense of well being awaits everyone willing to practice conscious awareness in a relationship This book shares insights from five decades of marriage and reveals the struggles discoveries and lessons learned in a life shared in trust and truth Come walk with us into your own awakening as you recognize that the events of your life unfold perfectly for the growth of your soul There is a blessing in every aspect of every relationship you ll ever have especially the ones that trouble you the most *The Nature of Love and Relationships* Tom

Omidi, Tom Omidi Ph D, 2011-11-01 Description *The Nature of Love and Relationships* studies the fast deteriorating situation of relationships in modern societies with the objective of finding practical solutions It is a comprehensive book about man women relationships that is developed based on scientific facts but written in a simple language for the general public Contrary to the present approach to address the symptoms of relationship conflicts this book explores the deep rooted problems of relationships as a pandemic It is written for the understanding of the general public although the discussions are based on scientific methodologies and analyses The table of content and preliminary pages of this book show the main theme and the structure of the book Every chapter contains many innovative and educational ideas about relationships while couples limitations to relate are explained in great detail In a nutshell the book studies the main issues of relationships in an easy to understand scientific structure To reverse the frightening trends in relationships radical changes are needed in terms

of both people's mindset and social mechanisms This book is the product of the author's research expertise and efforts to save his own marriage during the last fifteen years The book contains around 135 000 words and over thirty five simple diagrams and tables Synopsis Over the last few decades we have developed wrong perceptions about the nature of love and the purpose of relationships With drastic changes in social values and lifestyles our expectations from relationships have skyrocketed in line with our escalating personal aspirations But all these idealistic needs have only led to more distress for everybody The rising divorce rate and endless family conflicts reflect the hectic environment of relationships These facts also reveal that our present methods of dealing with relationship hurdles have failed While focusing on the symptoms of relationship failures we have ignored the roots of the problems as a social pandemic So it is time now to analyse the real sources of problems and face up to the high complexity of relationships in new societies It appears that we need radical solutions compatible with our new social values and expanding personal needs A main goal of this book is to help couples review their mentality about the capacity and purpose of relationships Another objective is to suggest a framework that can assist couples assess their relationships more realistically Too many relationships are ruined nowadays due to partners' biased judgments and hasty decisions The ultimate goal of this book is to bring objectivity back into relationships At the very least it is time to appreciate the need for viewing relationships in a new light consistent with the characteristics of new lifestyles Instead of searching all our lives for a soul mate and an ideal relationship we must find a way to relate more effectively while strengthening our identity and individualism too Love man woman relationship personality conflicts and factors gender differences relationship needs and models compatibility factors and tests the meaning of love The Art of Love Bud Harris, Massimilla Harris, 2010-05 Are you seeking to renew a relationship considering a new relationship troubled with establishing a long term relationship divorced and trying to understand why your marriage failed experiencing problems in love romance sex intimacy or marriage a therapist or counselor who would like to provide an accessible resource for your clients Millions of books on relationships have been printed over the years Why do we need another We need The Art of Love The Craft of Relationship for the same reasons that over four and a half million readers wanted Spencer Johnson's Who Moved My Cheese Following Johnson's methods of teaching to a broad modern audience The Art of Love The Craft of Relationship presents the profound principles that form a loving relationship in an easily accessible manner Using a very simple approach it will help people shift their attitudes and provide them with the skills to create loving long lasting partnerships There are so many titles in print on change because it is an ongoing challenge for most of us So are relationships With more than six decades of experience working with couples we knew we had vital information lessons and insights to share but we insisted that the book be short engaging and easy to read A helpful book does not have to be dense to be packed with wisdom skills and ideas that can open the door to a new era of fulfilling relationships We have brought complex material and common sense into a format that is carefully constructed to achieve results by being communicative

and consistent enjoyable and hopeful Unlike the textbook appearance of most self help books that include psychological jargon case examples and exercises The Art of Love The Craft of Relationship uses stories and dialogue to teach profound insights and valuable skills It sticks to people talking in a way the reader can identify with and understand It brings hope because the reader who is experiencing stress in a relationship can see that other people like them are too And that learning a few basic skills can bring lasting change and renew love The best news is that our book will be useful to many people because it will give them a new way to look at their relationship and the skills to handle problem after problem in a way that builds love and trust Our mission is to appeal strongly to those who are considering a relationship seeking to renew one or are looking for a way to understand a partner and a process for dealing with problems in love romance sex intimacy and living together
