## On Royce:

**On Royce** Griffin Trotter, 2001 This brief text assists students in understanding Royce's philosophy and thinking so they can more fully engage in useful intelligent class dialogue and improve their understanding of course content Part of the Wadsworth Notes Series which will eventually consist of approximately 100 titles each focusing on a single thinker from ancient times to the present ON ROYCE is written by a philosopher deeply versed in the philosophy of this key thinker Like other books in the series this concise book offers sufficient insight into the thinking of a notable philosopher better enabling students to engage in reading and to discuss the material in class and on paper **Building Beloved Community in a**

**Wounded World** Jacob L. Goodson, Brad Elliott Stone, Philip Rudolph Kuehnert, 2022-10-27 Is the beloved community local national global or universal What kind of love is required for the beloved community Is such a community only an ideal or can it be actualized in the here and now Tracing the phrase beloved community from Josiah Royce through Martin Luther King Jr to a variety of contemporary usages Goodson Kuehnert and Stone debate answers to the above questions The authors agree about the importance of beloved community but disagree on the details These differences come out through arguments over the local vs the universal the type of love the beloved community calls for and what it means to conceptualize community Ultimately they argue the purpose of beloved community involves responding to the cries of the wounded and those who suffer in the wounded world Josiah Royce's 1909 Pittsburgh Loyalty Lectures Mathew A. Foust, 2021-10-26 American

philosopher Josiah Royce 1856-1916 delivered three lectures on the topic of loyalty at the Twentieth Century Club in Pittsburgh in February 1909 These lectures The Conflict of Loyalties The Art of Loyalty and Loyalty and Individuality are indispensable for a complete and coherent picture of the development of Royce's philosophy of loyalty This publication marks the first appearance of these lectures in a book making them widely accessible to readers Included in this volume is an Editor's Introduction by Mathew A Foust a preeminent scholar of Royce's philosophy of loyalty Foust details the mysteries long surrounding these lectures and the clues that led to their solutions Foust then demonstrates how the 1909 Pittsburgh Loyalty Lectures constitute a missing link between The Philosophy of Loyalty 1908 and subsequent works by Royce such as Loyalty and Insight in William James and Other Essays on the Philosophy of Life 1911 The Sources of Religious Insight 1912 The Problem of Christianity 1913 War and Insurance 1914 and The Hope of the Great Community 1916 Students and scholars of American Studies the history of philosophy ethics and moral philosophy and social philosophy will find much of enduring relevance in Josiah Royce's 1909 Pittsburgh Loyalty Lectures Royce's Voyage Down Under Frank M.

Oppenheim, 2021-12-14 Josiah Royce's voyage to the South Seas in 1888 undertaken on his physician's advice restored the philosopher to full physical and mental vigor What is not so well known is that after a few months of sailing Royce began to bag new game as he put it in his philosophical pursuits Frank M Oppenheim examines Royce's writings from this year of travel including his correspondence and the notes he made on his reading and finds there the seeds of much of his later

thought While Professor Oppenheim is careful not to overstate the importance of this year of travel in the development of Royce's philosophy he shows without question that the period was fruitful both intellectually and psychologically His thoughtful analysis gives us a fuller appreciation of the philosopher and the man Conversations on Irving Street: Josiah Royce's Contribution to Symbolic Interactionism Darrick Lee Brake, 2019-07-15 What influence did Josiah Royce's academic work 1913-1917 have on the development of classical Symbolic Interactionist thought And which philosophical influences shaped Royce's social and philosophical thought This book provides a holistic approach to Royce's academic work and the social philosophy that shaped Symbolic Interactionist theory By critically evaluating the works of Royce this book reveals how his ideas and social philosophy made significant contributions to both Symbolic Interactionist thought and sociological theory Situating his contributions within a socio-historical time frame Royce's social philosophy is compared and contrasted to the major concepts of George Herbert Mead Mind Self and Society and Herbert Blumer's core synthesized components of classical symbolic interactionist thought Symbolic Interactionism Perspective and Method Thus demonstrating that Royce's later academic works closely resemble not only the basic ideas of Mead but also have a strong correspondence with Blumer's synthesis of the three basic premises and eight root images that outline the theoretical core of Symbolic Interactionist thought For those looking to investigate or discover new aspects of symbolic interactionist theory from a classical viewpoint this book offers a unique insight into an American philosopher whose contribution to the development of Symbolic Interactionism has been largely unnoticed *The 20th Century O-Z* Frank N.
