Loss Glazier

On Small Press As Class Struggle:

On Small Press As Class Struggle Merritt Clifton, 1976 Understanding Marx: Class Struggle Hercules Bantas, Many of Karl Marx's social and economic theories have the concept of class struggle at their core. This essay-length guide examines Marx's concept of class struggle in some detail and explains its role in the revolutionary process. Topics covered include a definition of class, the dialectic development of society and the formation of the capitalist state from the remnants of feudalism and the creation of a classless society. **Small Press Review**, 1998 Small Press Loss Glazier, 1992-11-18

Small Press is an annotated guide to the sources for the study of the literary small press, focusing on small press publishing since 1960 when the Mimeo Revolution occurred, allowing small presses in the United States to flourish in unprecedented numbers. The guide provides a selected enumeration of sources from 1960 to 1992 about the small press phenomenon, its constituent small presses and little magazines, and its cultural and commercial significance. The volume first examines sources of current information such as directories, indexes, guides, and trade journals. It then reviews sources on the cultural and business activities of the small press. In the end, it provides a beginning base of core secondary materials essential to librarians, scholars, book collectors, and anyone working in the field of the small press. **The Portable Sixties Reader** Various, 2002-12-31

From civil rights to free love, JFK to LSD, Woodstock to the Moonwalk, the Sixties was a time of change, political unrest, and radical experiments in the arts, sexuality, and personal identity. In this anthology of more than one hundred selections of essays, poetry, and fiction by some of America's most gifted writers, Ann Charters sketches the unfolding of this most turbulent decade. **The Portable Sixties Reader** is organized into thematic chapters: from the Civil Rights movement to the Anti-Vietnam movement, the Free Speech movement, the Counterculture movement, drugs, and the movement into Inner Space; the Beats and other fringe literary movements; the Black Arts movement; the Women's movement; and the Environmental movement. The concluding chapter, *Elegies for the Sixties*, offers tributes to ten figures whose lives and deaths captured the spirit of the decade. Contributors include Edward Abbey, Sherman Alexie, James Baldwin, Richard Brautigan, Lenny Bruce, Charles Bukowski, William Burroughs, Jim Carroll, Rachel Carson, Carlos Castaneda, Bob Dylan, Betty Friedan, Nikki Giovanni, Michael Herr, Abbie Hoffman, Robert Hunter, Ken Kesey, Martin Luther King Jr., Timothy Leary, Denise Levertov, Norman Mailer, Malcolm X, Country Joe McDonald, Kate Millet, Tim O'Brien, Sylvia Plath, Susan Sontag, Gloria Steinem, Hunter S. Thompson, Calvin Trillin, Alice Walker, Eudora Welty, and more. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators. **Small Press Record of Books in Print** Len Fulton, 1993
