## Orangutans In Borneo:

**Orang-utans in Borneo** Gisela Kaplan,Lesley J. Rogers,1994      **Face to Face with Orangutans** Cheryl Knott,Tim Laman,2019-09-27 National Geographic Face to Face Readers is a high interest series of books for confident independent readers that have been adapted to a Key Stage 2 audience by education experts The books pair magnificent National Geographic photographs with lively first person text and fascinating facts about the natural world      **Orangutans in Borneo** Tamara Thiessen,Ashley Leiman,Jan Schmidt-Burbach,2019-06-20 Horizon Guides Orangutans in Borneo is your one stop guide to responsible orangutan tourism This guide provides the inspiration and practical information you need to begin planning a trip to see orangutans in Borneo We compare how to see orangutans in the wild with those in rehabilitation centres look at the different locations in Borneo where you can see orangutans and explore conservation efforts to save the orangutan s habitat In this guide In depth travel planning guide to orangutan trips in Borneo First hand travel experiences from conservationists charities and animal welfare experts Route maps highlighting potential itineraries Guidance on when to visit and what to experience Our Orangutans in Borneo guide is designed to help travellers learn more about how to see orangutans and their behaviour Get inspired by our first hand experiences and get planning with our in depth guides

*Orangutan Rescue* Sean Whyte,Alan Knight,2015-09-15 Orangutan Rescue gives readers a unique insight into the highs and lows of rescuing and rehabilitating this species against all the odds in a remote part of Borneo With the aid of 145 150 superb photographs all generously donated we aim to explain and illustrate why orangutans need our help and to document the creation in 2009 and the development over the next five years of a world class orangutan rescue and rehabilitation centre in Borneo We look at the rapid growth of the centre from a mere dream to a reality We provide an insight into the work of those dedicated people who rescue orangutans from palm oil plantations and from private homes and the skilled veterinary staff who are called upon to treat them and nurse them back to health The orangutans themselves feature in most photographs Readers will relish the great many glorious photographs of these great apes mostly babies and juveniles We use photos to take readers with us on a journey from the time an orangutan is rescued treated for any injuries and illnesses at the clinic then introduced to other baby orangutans and finally released into protected forest bought especially for them by International Animal Rescue With ten years experience rescuing animals in Indonesia in 2009 British charity International Animal Rescue embarked on its most ambitious project yet Following numerous reports of mostly baby orangutans being either killed or captured IAR decided to start from scratch the construction of a dedicated orangutan rescue centre near the small remote town of Ketapang in West Kalimantan Indonesian Borneo This was a monumental challenge to undertake both financially and physically When IAR rose to the challenge in 2009 they thought they might one day be caring for twenty orangutans Five years later they had 82 in their care with no sign of the numbers decreasing By that time the IAR team had also rescued and released 38 orangutans that found themselves in conflict with humans Orangutan Rescue enables readers

to see what it really takes to save the orangutans The personal unselfish commitment made by so many individuals the sheer hard work involved the teamwork the many and varied skills required A book for all ages Nothing like it has been published previously *Orangutans* Buffy Silverman,2012 Introduces orangutans describing their behavior habitat life cycle eating habits and the threats they face from deforestation and poaching *Orangutans* Junaidi Payne,J. Cede Prudente,2008 Extraordinary photographs in color by award winning photographer Cede Prudente reveal little seen aspects of orangutan life in the rainforest and showcase the breathtaking landscapes of Borneo and Sumatra Orangutans also includes a map of orangutan distribution and information on where to see orangutans in the wild BOOK JACKET *Orangutans* Serge A. Wich,2009 Orangutan populations show extensive variation in behaviour and demography This book carefully compares data from all orangutan research sites examining the differences and similarities between orangutan species subspecies and populations and develops a theoretical framework in which these can be explained **Wild Man from Borneo** R. B. Cribb,Helen Gilbert,Helen Tiffin,2014 Offers the first comprehensive history of the human orangutan encounter Arguably the most humanlike of all the great apes particularly in intelligence and behavior the orangutan has been cherished used and abused ever since it was first brought to the attention of Europeans in the seventeenth century The red ape has engaged the interest of scientists philosophers artists and the public at large in a bewildering array of guises that have by no means been exclusively zoological or ecological One reason for such a long term engagement with a being found only on the islands of Borneo and Sumatra is that like its fellow great apes the orangutan stands on that most uncomfortable dividing line between human and animal existing for us on what has been called the dangerous edge of the garden of nature Beginning with the scientific discovery of the red ape more than three hundred years ago this work goes on to examine the ways in which its human attributes have been both recognized and denied in science philosophy travel literature popular science literature theatre museums and film The authors offer a provocative analysis of the origin of the name orangutan trace how the ape has been recruited to arguments on topics as diverse as slavery and rape and outline the history of attempts to save the animal from extinction Today while human populations increase exponentially that of the orangutan is in dangerous decline The remaining wild men of Borneo are under increasing threat from mining interests logging human population expansion and the widespread destruction of forests The authors hope that this history will by adding to our knowledge of this fascinating being assist in some small way in their preservation **Orangutan Rescue** Alan Knight Sean Whyte, **Orangutans** Deb Marshall,2015-08-01 Did you know that orangutans spend about 90 percent of their time in trees This is where they eat sleep and raise their young **The Neglected Ape** Biruté M.F. Galdikas,R.D. Nadler,N. Rosen,Lori K. Sheeran,1996-02-29 The orangutan is the most highly endangered species of great ape Orangutans are threatened by deforestation poaching the illegal pet trade and the isolation and fragmentation of dwindling wild populations Their conservation is impeded by certain aspects of their ecology e g a rain forest habitat and certain features of their life history e g an eight to twelve year interbirth

interval Added to the U S Endangered Species List in 1970 the orangutan is now clearly on the road to extinction The number of wild orangutans in Borneo and Sumatra is currently estimated to have decreased to between 12 300 and 20 571 individuals Only 2% of original orangutan habitat is protected and some of these areas are now being destroyed Clearly attention to ecology demography censusing rehabilitation and conservation is essential if the orangutan is to survive in the wild beyond the next century The protection of orangutans is a complex multifaceted problem involving such pressing issues as human poverty overpopulation and the economic development of Southeast Asia Although the orangutan has been placed in Appendix I of the Convention on International Trade in Endangered Species of Wild Fauna and Flora CITES more orangutans were sold illegally in Taiwan between 1990 and 1993 than are housed in all the world s zoos In the past scientific and public attention has centered on the African apes For this reason the sole Asian great ape the orangutan has been called the neglected ape

**Reflections of Eden** Biruté Marija Filomena Galdikas,1996 Since 1971 Birute Galdikas has lived and worked in the forests of Borneo documenting the lives of the orangutans This text describes her groundbreaking scientific and conservation work that has been recorded in more than a dozen television documentaries *The Orang-utans* Gisela Kaplan,Lesley Joy Rogers,1999 A marvellous insight into the lives of the orang utans *Orangutan Odyssey* Biruté Marija Filomena Galdikas,Nancy Erickson Briggs,1999-10 With this pictorial essay Galdikas brings to life her work with these shy endangered red apes Taking readers to her remote rainforest headquarters Galdikas draws on Karl Ammann s unparalleled photographs to present intimate portraits of the individual orangutans she s come to know offers rare glimpses of their behavior in the wild

**Being an Orangutan** Michael Sabatino,1900-01-01 Welcome to a life in the trees That s what this book invites readers to imagine as they picture themselves as orangutans These red haired apes cling to tree limbs easily with both their hands and feet Although most of their day is spent eating and sleeping orangutans have some extraordinary habits such as building new beds each night and fishing with tree branches Sadly there aren t many orangutans left This compelling book examines why they re endangered and why it s so important to help them survive *Orangutans* Susan Kueffner,2008-07-01 Describes the physical characteristics habitat and behavior of orangutans **Orangutans** Sheila Dalton,1990 Describes the life of the orangutan in the wild including its physical and behavioral characteristics its mating habits and its habitat *Reflections of Eden* Biruté Marija Filomena Galdikas,1995-01-01 An anthropologist chronicles more than two decades of fieldwork in the endangered rainforest habitats of the orangutans presenting strong arguments for conservationism and noting the striking similarities between animal and human social behavior 50 000 first printing Tour

*Endangered Orangutans* Jane Katirgis,Lisa Harkrader,2015-07-15 Orangutan means person of the forest in the Malay language Extremely intelligent creatures orangutans are closely related to humans so why are they endangered What has happened to their forest habitats Who s working to save orangutans Read the latest facts about orangutans and learn how to help *Orangutans and Their Battle for Survival* Leif Cocks,2002 With the arrival of European explorers in Southeast Asia

around 300 years ago the orangutan the world's second largest ape and one of our closest biological relatives began a battle for survival As the rainforest was cleared and burnt and the orangutans were poached and sold remnant populations have dwindled to alarmingly small numbers This is the amazing story of how a small Australian zoo offers hope for the orangutans through its very successful captive breeding program The story is told through the eyes and heart of Leif Cocks whose personal encounters with the orangutans in his care have enabled him to provide fascinating insights into their unique intelligence and individual personalities The photographs capture some wonderful moments in the orangutan enclosures at the zoo

This is likewise one of the factors by obtaining the soft documents of this **Orangutans In Borneo** by online. You might not require more become old to spend to go to the books start as competently as search for them. In some cases, you likewise realize not discover the declaration Orangutans In Borneo that you are looking for. It will very squander the time.

However below, behind you visit this web page, it will be as a result entirely easy to get as with ease as download lead Orangutans In Borneo

It will not acknowledge many time as we accustom before. You can pull off it even if ham it up something else at home and even in your workplace. therefore easy! So, are you question? Just exercise just what we have the funds for under as capably as review **Orangutans In Borneo** what you bearing in mind to read!
