John Murray Cuddihy

With a New Preface by the Author

The Ordeal of Civility John Murray Cuddihy, 1976      The Ordeal of Civility. Freud, Marx, Levi-Strauss, and the Jewish Struggle with Modernity. (1. Publ.) John Murray Cuddihy, 1987      The ordeal of civility: Freud Marx, Levi-Strauss, and the Jewish struggle with modernity John Murray Cuddihy, 1974      The Conservative Bookshelf Chilton Williamson, 2005-09 This list embraces fiction poetry and political thought side by side with the works of C S Lewis Edmund Wilson and Flannery O Connor      **Modern Judaism and Historical Consciousness** Andreas Gotzmann, Christian Wiese, 2007 Written by leading authors in their respective fields this first comprehensive handbook on the relationship between modern Judaism and historical thinking contributes to a differentiated interpretation of Jewish historiography and its interaction with other academic disciplines since the Enlightenment      Persuasions and Prejudices Irving Louis Horowitz, 1989-01-01 With the presumption that review essays and statements written for special occasions may reveal as much about the writer as those written about Irving Louis Horowitz has collected thirty five years of his criticism and commentary Included are comments on the famous near famous and infamous sociologists political scientists and assorted literary figures in between Taken as a whole this volume will surprise and delight readers who are acquainted with Horowitz s other works as well as those who are interested in the people he writes about Written with characteristic verve and nerve these statements sometimes combine two or more reviews into one statement often of substantial length Altogether the collection gives a picture of twentieth century social science as an ongoing dialogue within itself about the nature of social reality as well as the nature of the disciplines seeking to define that reality The results are sometimes serious other times amusing but uniformly compelling The book covers Arendt to Zetterberg and such major figures in between as Becker Bell de Jouvenel Mills Parsons Solzhenitsyn and more than eighty other leading lights who have had an effect on the contemporary social landscape All are critically examined sometimes positively other times negatively Long recognized as a major figure in his own right Horowitz writes with the kind of refreshing frankness experts will appreciate and the general reader will understand The underlying assumption behind the volume giving its disparate parts a unified characteristic is that together these observations on others amount to a general theory of social science held by the author Whether his larger ambition is accepted or disputed there is no doubt that the volume provides a standard against which to measure the literary quality of reviewing in the world of professional social research      *The Jewish Century, New Edition* Yuri Slezkine, 2019-05-28 This masterwork of interpretative history begins with a bold declaration The Modern Age is the Jewish Age and the twentieth century in particular is the Jewish Century The assertion is of course metaphorical But it drives home Yuri Slezkine s provocative thesis Jews have adapted to the modern world so well that they have become models of what it means to be modern While focusing on the drama of the Russian Jews including migr s and their offspring The Jewish Century is also an incredibly original account of the many faces of modernity nationalism socialism capitalism and liberalism Rich in its insight sweeping in its chronology and fearless in its

analysis this is a landmark contribution to Jewish Russian European and American history      *Encyclopedia of Modern Jewish Culture* Glenda Abramson,2004-03-01 The Encyclopedia of Modern Jewish Culture is an extensively updated revision of the very successful Companion to Jewish Culture published in 1989 and has now been updated throughout Experts from all over the world contribute entries ranging from 200 to 1000 words broadly covering the humanities arts social sciences sport and popular culture and 5000 word essays contextualize the shorter entries and provide overviews to aspects of culture in the Jewish world Ideal for student and general readers the articles and biographies have been written by scholars and academics musicians artists and writers and the book now contains up to date bibliographies suggestions for further reading comprehensive cross referencing and a full index This is a resource no student of Jewish history will want to go without
