Hammond,1998 This text explains that government and media first shared a vision of American involvement in Vietnam but as the war dragged on government press releases were challenged by reports from the field Understanding ASEAN's Role in Asia-Pacific Order Robert Yates,2019-03-25 This book assesses the important role of the Association of Southeast Asian Nations ASEAN in the management of regional political security and economic relations The author argues that ASEAN s prominent role in the region spanning 50 years is largely due to the acquiescence of the great powers who endorsed ASEAN accepted its regional position and accorded the institution a legitimacy and durability that otherwise it would not have This text offers a key intervention into the debate regarding ASEAN and regional order by showing how ASEAN s contribution to order management is part of a negotiated division of labour with the great powers The author applies an innovative social roles analysis which captures the dynamic interactions between ASEAN and the great powers from the Cold War to the present day Employment and Training Report of the President United States.
