Ordinary People And Other Stories:

"The Sting of Death" and Other Stories Toshio Shimao, 2020-06-01 Until a recent boom Shimao Toshio writer of short fiction critic and essayist was not widely known even in Japan He has never won the Akutagawa or the Naoki Prize and none of his works had previously appeared in English translation He is less well known than other writers Yasuoka Shotaro Kojima Nobuo and Shono Junzo with whom he has associated and whose works have been liberally translated into English Yet there are those who consider him to be one of the best contemporary writers in Japan This volume by no means exhausts the scope of Shimao's fiction There are no stories here for instance about childhood or student life and none of his many travel stories Some of his most famous stories When we Never Left Port for example have not been included But the stories presented here do offer a considerable variety of style from the pristine storybook language of The Farthest Edge of the Islands to the young intellectual's jargon of Everyday Life in a Dream to the visionary hysterical occasionally ritualistic prose of the sick wife stories to the sober difficult almost ponderous narration of This Time That Summer Shimao's approach to his material varies as well Everyday Life in a Dream is the only representative here of a large number of stories usually called surrealist by the critics stories whose plots progress by the logic of dreams The individual experience of real life are lived through a combination of conscious and unconscious perception These stories are the least approachable and the least charming to the casual reader but they serve among other things to highlight patterns in the more realistic fiction The Farthest Edge of the Islands is a symbolic heightening of reality in another way a romantic fairy tale beginning at the extremity of experience at the farthest edge of the world The other stories are presented as precise close chronicles of reality by a participant in that reality whose attention never waivers and who never allows himself to avert his eyes from a world that he sees as his responsibility and in a sense his fault All but the first story The Farthest Edge of the Islands which is in third person narration are told in the first person by the character who plays Shimao's role in the life that inspired the fiction Miracle at Sea and Other Stories Genendel Krohn, 2006 This collection of stories from the winning combination of author Genendel Krohn and illustrator Tirtsa Pelleg is a treat for the whole family Bringing the accounts of our Sages in the Talmud and Midrash vividly to life Miracle At Sea is sure to entertain and inspire Learn how far Rebbe Tarfun was willing to go to observe the mitzva of honoring one's parents how Rebbe Chiya taught Rebbe Yehuda HaNasi a lesson in taking care with others feelings how Nikanor's desire to beautify the Bais HaMikdash was rewarded even after a storm took away his prized possessions and so many more This book is sure to instill good middos character traits and be enjoyed by children of all ages
