

# First Quarter

## Lesson 1: Pulse in Music

Week 1

### Introduction

In music, the duration of sound and silence is important. Duration refers to how long and how short tones and silence last. These tones and silence follow a certain beat. Beat can be felt with or without sound. We clap, walk, tap, march, dance, and play musical instruments to show the rhythm and beat of music.

### Activity I

Sing "Leron, Leron Sinta" and move to the rhythm of the song.

#### Remember:

- The symbol ( **l** ) shows the pulse of the sound.
- **Rest** ( **z** ) is the symbol used to show silence.
- We can feel the pulse through clapping, tapping, walking, chanting, and playing rhythmic instruments.

children learn music And how can music teachers help children to become independent and self sufficient musical thinkers Author Eric Bluestine sheds light on these issues in music education     **Introduction and Practical Guide to Music**

**Education** Laura M Dornberger,2018-04-03 Introduction and Practical Guide to Music Education provides students with comprehensive yet foundational knowledge of the music education profession The book contains researched best practices for teaching music and guides readers through practical exercises to help them discover their own unique teaching style and approach The text begins with a chapter that asks readers why they are considering a career in music education and also reveals the qualities of an effective music teacher Later chapters provide students with a brief history of music education in the United States introductions to educational psychology sociology and child development practical advice for developing sound and successful lesson plans strategies for teaching different types of students tips for job interviews and more Each chapter includes references and discussion questions and select chapters also feature a list of recommended readings for further exploration and independent learning With emphasis on research and practical application Introduction and Practical Guide to Music Education is a supportive and valuable guide for any student interested in a career in music education

Accessible and complete the text is ideal for music seminars music profession survey courses and introductory music education courses     **The New Handbook of Research on Music Teaching and Learning** Richard Colwell,Carol Richardson,2002-04-18 Featuring chapters by the world s foremost scholars in music education and cognition this handbook is a convenient collection of current research on music teaching and learning This comprehensive work includes sections on arts advocacy music and medicine teacher education and studio instruction among other subjects making it an essential reference for music education programs The original Handbook of Research on Music Teaching and Learning published in 1992 with the sponsorship of the Music Educators National Conference MENC was hailed as a welcome addition to the literature on music education because it serves to provide definition and unity to a broad and complex field Choice This new companion volume again with the sponsorship of MENC explores the significant changes in music and arts education that

have taken place in the last decade. Notably several chapters now incorporate insights from other fields to shed light on multi-cultural music education, gender issues in music education and non-musical outcomes of music education. Other chapters offer practical information on maintaining musicians' health, training music teachers and evaluating music education programs. Philosophical issues such as musical cognition, the philosophy of research, theory, curriculum and educating musically are also explored in relationship to policy issues. In addition to surveying the literature, each chapter considers the significance of the research and provides suggestions for future study. Covering a broad range of topics and addressing the issues of music education at all age levels from early childhood to motivation and self-regulation, this handbook is an invaluable resource for music teachers, researchers and scholars.
