## Orphan In History:

*An Orphan in History* Paul Cowan, 1982 You are about to embark on a wondrous voyage through time and culture. The journey carries you from the privileged world of Park Avenue to nineteenth century Lithuania, then to the mid twentieth century Chicago, a contemporary Israeli kibbutz, and the timeless world of New York City's Lower East Side. The journey's end occurs in the Jewish year 5743 on Manhattan's Upper West Side just crosstown and a lifetime away from where Paul Cowan's complicated halting trip toward faith begins. Paul Cowan grows up unaware that he is a descendant of rabbis. In one generation, five thousand years of religion and culture have been lost. Like millions of immigrant families, Lou and Polly Cowan pay for the prosperity with their pasts. When they die in a tragic fire, Paul begins a search for that part of his parents that had perished in America. The quest for an ancestral legacy by the American Paul Cowan becomes a rite of passage for the Jew who emerges, Saul Cohen. Relatives like Jacob Cohen, the used cement bag dealer, and Modie Spiegel Sr, the mail order magnate, come to life in the author's warm and touching recreation of an odyssey through immigrant America. *Jacket flap*

*The Luckiest Orphans* Hyman Bogen, 1992 Founded in 1860, the Hebrew Orphan Asylum of New York was the oldest, largest, and best known Jewish orphanage in the United States until its closing in 1941. This book, the first history of an orphanage ever published, tells the story of the HOA's development from a nineteenth century institution into a model twentieth century child care facility. Because of the humane and benevolent attitude of the New York Jewish community toward its orphans, the harsh authoritarianism and Dickensian conditions typical of contemporary orphanages were gradually replaced there by a nurturing approach that looked after the religious, social, and personal needs of the children. Though primarily an instrument of social control, the HOA was also an expression of Jewish ethnicity. Its history is set in a larger context that includes the life and character of the New York Jewish community, the city's immigrant population, the social and economic conditions of the time, the child saving efforts of other groups, and the debate over institutional versus foster care. Drawing from HOA archives, published sources, and his personal experience as a resident from 1932 to 1941, Hyman Bogen brings a unique perspective to child saving efforts in the late nineteenth and early twentieth centuries. His compelling tale portrays daily life for those who lived and worked in such institutions. He illustrates how an enlightened orphanage rather than crushing the spirit of its young residents can help children to gain self esteem and become secure adults. Bogen's tale will be of particular interest to urban and social historians, to city and government officials, and to social workers as well as to anyone concerned with the growing crisis in child care options.

**An Orphan in History** Paul Cowan, 2012-01-16 Sometimes we must look into the past in order to face the future. After growing up as a fully assimilated Jew, Paul Cowan embarked in his mid thirties upon a journey to discover and appreciate his true identity and heritage. This orphan in history relates his search for these roots, detailing the path he took from his Park Avenue home to nineteenth century Lithuania to a contemporary Israeli kibbutz, leading to remarkable personal discoveries that will move everyone who has yearned to know more about their past. *An Orphan in*

priest The Catholic Church sued to get its wards back but all the courts including the U S Supreme Court ruled in favor of the vigilantes The Great Arizona Orphan Abduction tells this disturbing and dramatic tale to illuminate the creation of racial boundaries along the Mexican border Clifton Morenci Arizona was a wild West boomtown where the mines and smelters pulled in thousands of Mexican immigrant workers Racial walls hardened as the mines became big business and whiteness became a marker of superiority These already volatile race and class relations produced passions that erupted in the orphan incident To the Anglos of Clifton Morenci placing a white child with a Mexican family was tantamount to child abuse and they saw their kidnapping as a rescue Women initiated both sides of this confrontation Mexican women agreed to take in these orphans both serving their church and asserting a maternal prerogative Anglo women believed they had to save the orphans and they organized a vigilante squad to do it In retelling this nearly forgotten piece of American history Linda Gordon brilliantly recreates and dissects the tangled intersection of family and racial values in a gripping story that resonates with today s conflicts over the best interests of the child     **History of and how to See New York and Its Environs ...**
