begins at the beginning with Socrates and the method he developed for approaching our greatest mysteries. From there he embarks on a journey through the history of philosophy demonstrating how it is encoded in our own personal quests for meaning. Through heartbreakingly honest stories humanizing biographies, accessible theory and evocative interludes like *On Wine and Bicycles* or *On Zombies and Superheroes*, Samuelson invests philosophy with the personal and vice versa. The result is a book that is at once a primer and a reassurance that the most important questions endure coming to life in each of us. Winner of the 2015 Hiett Prize in the Humanities.
