Relational Ability in Foreign Language Learning Gerrard Mugford, 2021-07-22 By reconceptualizing successful communication in a foreign language as an enjoyable and uplifting experience this volume moves beyond a focus on grammatical accuracy and fluency to foreground the ways in which foreign language learners can be encouraged to build on previous achievements and communicative successes in the target language and so develop confidence commitment and cross cultural relational ability Building on Mugford's previous volume *Addressing Difficult Situations in Foreign Language Learning* 2019 this text draws on grounded qualitative data collected through questionnaires semi structured interviews and conversations with Spanish speaking learners of English to illustrate how learners experiences and insights can be used to inform a productive pedagogy centred around language users communicative objectives and interactional successes Chapters highlight bilingual speakers conscious language use practices and choices in the target language and the reasons and implications for such deliberate communicative practices and relational behaviour In doing so Mugford is able to outline a critical relational pedagogy designed to better equip language learners with the confidence and pragmatic resources they require to engage in positive cross cultural relational work As a valuable student centred contribution to teaching and learning of modern foreign languages this volume will be key reading for researchers scholars and educators with an interest in language education TESOL World Language teaching and Applied Linguistics [The Principles of Language-Study](#)

Harold E. Palmer, 2022-06-02 *The Principles of Language Study* by Harold E Palmer is an educative book on language In the book the author states the supreme importance language as well as the principles that guides language This book is a must read book for all as it widens your scope on language **Language Learning Environments** Phil Benson, 2021-06-04 This book is the first in depth examination of the application of theories of space to issues of second language learning The author introduces the work of key thinkers on the theory of space and place and the relevance of their ideas to second language acquisition SLA He also outlines a new conceptual framework and set of terms for researching SLA that centre on the idea of language learning environments The book considers the spatial contexts in which language learning takes place and investigates how these spatial contexts are transformed into individualised language learning environments as learners engage with a range of human and nonhuman and physical and nonphysical resources in their daily lives Revisiting linguistics and language learning theory from a spatial perspective the book demonstrates that the question of where people learn languages is equally as important as that of how they do so This work is essential reading for any researcher wishing to research the role of the environment as an active player in SLA *Language Learning* Christine Chuen Meng Goh, Rita Silver, 2006 **The Role of the First Language in Foreign Language Learning** Håkan Ringbom, 2013 *Revisiting Language Learning Resources* Carlos Periñán Pascual, 2009-03-26 Human and material resources are two key elements that make up the language learning process Regarding material resources nowadays new technologies can be said to play a leading role in most language learning environments However we cannot forget that these relatively new tools still coexist

with more traditional ones which are still widely used in the foreign language classroom On the other hand the progressive emergence of new human roles in language learning means that human resources have also become a key medium through which the learner accesses knowledge and practice towards language acquisition There is an obvious need to carry out research on these resources in order to assess their potential for an optimum learning experience This book tries to meet such needs offering the research work that different authors have carried out in this field **Language Learning**

Unlocked Andrew Weiler, 2013-07-23 If you have struggled to learn another language or you are looking for better ways to do it look no further than this book It looks into and explains why so many people have difficulties in learning foreign languages despite the fact that all of us learned our first with relative ease It tells us what we need to do if we are to improve our language learning It also provides a whole host of free downloadable resources to help learners implement some of the suggested practices It can be used by itself if you are an independent kind of learner or it can be used in conjunction with courses so you can gain maximum benefit out of them Computer-Assisted Language Learning , 2014-09
