## Noel Coward A Biography Part 2 Of 2:

Words on Cassette, 2002 R R Bowker Publishing,2002      **Maiden Voyages** Siân Evans,2021-08-10 In an engaging and anecdotal social history Siân Evans's *Maiden Voyages* explores how women's lives were transformed by the Golden Age of ocean liner travel between Europe and North America. During the early twentieth century transatlantic travel was the province of the great ocean liners. It was an extraordinary undertaking made by many women whose lives were changed forever by their journeys between the Old World and the New. Some traveled for leisure, some for work, others to reinvent themselves or find new opportunities. They were celebrities, migrants, and millionaires, refugees, aristocrats, and crew members whose stories have mostly remained untold until now. *Maiden Voyages* is a fascinating portrait of the era, the ships themselves, and these women as they crossed the Atlantic. The ocean liner was a microcosm of contemporary society divided by class from the luxury of the upper deck playground for the rich and famous to the cramped conditions of steerage or third class travel. In first class, you'll meet A-listers like Marlene Dietrich, Wallis Simpson, and Josephine Baker; the second class carried a new generation of professional and independent women like pioneering interior designer Sibyl Colefax Down; in steerage, you'll follow the journey of migrant Maria Riffelmacher as she escapes poverty in Europe. Bustling between decks is a crew of female workers including Violet, the Unsinkable Stewardess Jessop, who survived the Titanic disaster. Entertaining and informative, *Maiden Voyages* captures the golden age of ocean liners through the stories of the women whose transatlantic journeys changed the shape of society on both sides of the globe.

## **How Stage Playwrights Saved the British Cinema,**

**1930-1956** David Cottis, 2024-12-26 Examines the film careers and work of British playwrights who worked as screenwriters between 1930-1956. During the period between the 1927 Cinematograph Films Act and the new drama of the 1950s, many British writers associated with the stage also wrote for films, bringing the techniques of the well-made play with them. Some like Bernard Shaw, Noel Coward, and Terence Rattigan were screenwriter stars part of the publicity of the films they worked on. *Pygmalion*, *Brief Encounter*, *The Way to the Stars*. Others were less celebrated but had long, successful screen careers such as R.C. Sherriff, author of *Journey's End*, who worked on films as different as *The Invisible Man*, *The Four Feathers*, and *The Dam Busters*. Using the authors' original archives, this book follows the way in which these writers adapted their stage skills for the screen, contributing to the post-war Golden Age of the British cinema and creating the classic form of screenplay that continues today.
