Nordic Folk Churches A Contemporary Church History:

Nordic Folk Churches Ryman, 2005-08-30 Four Nordic scholars provide historical context for contemporary developments in the folk churches of Denmark Finland Norway and Sweden respectively devoting a chapter to each Other chapters address major issues of concern both shared by and unique to their churches Particularly fascinating are these churches differing roles on the political stage during World War II and the Cold War their adaptation to the modern welfare state their handling of theological controversies such as the ordination of women and same sex unions and their crucial contributions to the ecumenical movement **A Documentary History of Lutheranism, Volumes 1 and 2** Mark A. Granquist, Eric

Lund, 2017-11-10 This unique collection of excerpts from Lutheran historical documents many translated here for the first time presents readers with a full picture of how the Lutheran movement developed in its thought and practice Covering not only theology but also church life popular piety and influential historical events the primary documents include theological treatises confessional statements liturgical texts devotional writings hymns letters and diaries satirical polemics political documents woodcuts and pamphlet literature This first volume covers the chronological period from Luther's first calls for reform to the development of Lutheran Orthodoxy and Pietism during the seventeenth century The judiciously selected and carefully translated texts as well as the contextualizing information provided in each chapter's introductory essay acquaint readers with the turbulence and fervor of this revolutionary Christian movement its struggles for survival and consolidation and its further evolution up to the dawn of the Enlightenment **For the Sake of the World** Jonas Idestrom, 2010-01-01

The church exists for the sake of the world The crucial ecclesiological question that this book raises is How How does the church exist for sake of the world One can describe the theological reflections in this book as a form of concrete ecclesiology critical theological reflections on the way the church is manifested in social and historical contexts as a social body By using concepts like body queer human rights practices social process and space the manifestations of the concrete church are critically and constructively analyzed from a theological perspective The arguments in the articles were presented at a symposium in Sweden The purpose of the symposium was not to reach consensus but to stimulate creative and critical discussions concerning theology politics and the identity of the church with a focus on Church of Sweden American theologian William T Cavanaugh who has made himself known as a distinct voice in the discussion of ecclesiology and politics participated and contributes with critical and constructive reflections on the relationship between church and state This book offers important arguments and reflections into the discussion on ecclesiology and politics that has relevance far beyond the Swedish context Contributors JONAS IDESTRÖM WILLIAM T CAVANAUGH ARNE RASMUSSEN HENRIK WIDMARK GÖRAN GUNNER NINNA EDGARDH ANTJE JACKELEN and OLA SIGURDSON Critique Scandinave de la Théologie Féministe Anglo-américaine Hanna Stenström, 2007 Scandinavian Critique of Anglo American Feminist Theology is a collection of articles by scholars in various theological disciplines from five Scandinavian or Nordic countries The articles

cover a wide range of topics including feminist sexual ethics ecofeminist theology gender perspectives on European welfare systems Birgitta of Sweden and a search for Mary beyond stereotypes As the title implies a critical dialogue with US feminist theology is a recurrent theme throughout the book but the essays also include constructive work from different theological perspectives The journal also includes a bibliography that shows the diversity of Scandinavian and Nordic feminist theological research Mission to the World Tormod Engelsen, Ernst Harbakk, Rolv Olsen, Thor Strandenaes, 2009-11-01

Handbook of Theological Education in World Christianity Dietrich Werner, David Esterline, Namsoon Kang, Joshva Raja, 2010-11-19 The Handbook of Theological Education in World Christianity is the first attempt to map and analyze developments in theological education on a global scale This volume with contributions from 98 leaders in theological education from around the world provides a comprehensive introduction to the major themes and contexts in the international discourse on theological education surveys of the issues and challenges faced in different regions and introductory essays on the developments in the major denominational families in World Christianity The editors are Dietrich Werner World Council of Churches Geneva David Esterline McCormick Theological Seminary Chicago Namsoon Kang Brite Divinity School Fort Worth and Joshva Raja Queen's Foundation Birmingham **The Third Room of Preaching** Marianne Gaarden, 2017-09-29 In this cutting edge homiletical study Marianne Gaarden offers new perspectives for understanding how listeners create meaning when hearing a sermon Drawing on sociological psychological and other empirical research Gaarden presents the notion of the Third Room of Preaching the place where the preacher's words and the listener's prior experiences come together to create a surplus of meaning outside of both the preacher's intent and the listener's frame of reference The preacher cannot control the production of meaning but must surrender to the process giving up the role of creator of meaning in order to become a vessel and a tool for meaning's creation Gaarden's insights challenge conventional understandings of preaching and invite homileticians to reflect on the implications for the sermon as an act of communication The book includes an appendix that helps to facilitate the Third Room model in homiletics classes *The Encyclopedia of Christianity, Vol. 5* Erwin Fahlbusch, Geoffrey William Bromiley, 1999 Written by leading scholars from around the world the articles in this volume range from sin Sufism and terrorism to theology in the 19th and 20th centuries Vatican I and II and the virgin birth *"Towards 'a Real Reunion'?"* Mika K.
