**Socialism in America** John L. Bowman, 2005 In 1835 Alexis de Tocqueville predicted a species of oppression with which democratic nations are menaced unlike anything which ever before existed in the world It was a despotism that would be more extensive and would degrade men without tormenting them It would be a force that compresses enervates extinguishes and stupefies a people till each is reduced to be nothing better than a flock of timid animals of which the government is the shepherd Tocqueville was predicting socialism in America a new form of oppression that did not exist in his time He could not name it at the time because the word socialism had not yet appeared in the English language and Karl Marx had not yet published his Communist Manifesto America has become a socialist state and this book is about what socialism is doing to America today Socialism is an oppression that has caused America to discard the rule of law forsake justice limit freedom attenuate individuality create dependence degrade social norms attack sources of wealth and divide the culture This form of despotic totalitarianism has irreversibly commenced the destruction of American culture and nation Socialism in America offers the reader the perspective of and how and why this is happening It explains the history of socialism and in particular the history of socialism in America It discusses the roles of socialism s foremost vectors which are primarily the unions and Democratic Party It critically dissects the philosophy of socialism itself and examines other countries struggles to survive under the heavy socialist boot Every freedom loving American should read this book      **David Nyvall and the Shape of an**

**Immigrant Church** Scott E. Erickson, 1996 Swedish emigration to America has been the subject of important research projects Several works have noted the significance of migration and identified certain traditions from Sweden that were defined in America as immigrant leaders shaped aspects of the Swedish American community Immigrant churches and their institutions played key roles in the formation of ethnic identity and the understanding of ethnic consciousness in Swedish America This study contributes to a scholarly discussion about the history of Swedish Americans in an immigrant church the Evangelical Covenant Church and the dynamic circumstances they faced as immigrants This dissertation analyzes the role of David Nyvall as a leader among Swedes in America testing the methods with which he shaped the Swedish American community the Covenant Church and immigrant schools Nyvall was born in Sweden in 1863 emigrated to the United States in 1886 and became first president of a Swedish American school established by the Covenant Church North Park College and Theological Seminary He also served as secretary of the Covenant Church president of Walden College a Swedish American institution editor of Minneapolis Veckoblad a Swedish American religious paper and inaugural professor of Scandinavian languages and literature at the University of Washington Nyvall wrote hundreds of articles and books and he was a leading spokesperson in the Swedish American community until his death in 1946 David Nyvall was an immigrant

leader who gave shape to ethnic denominational and educational priorities among Swedes in America      **History of the Swedish Baptists in Sweden and America** Gustavus W. Schroeder, 1898      *Rebirth of a Nation* Joel Edward Goza, 2024-09-24 Joel Edward Goza dismantles the deep seated myths that perpetuate white supremacy and makes the case that reparations are necessary to heal America's racial wounds and live up to our democratic ideals Like many well intentioned white people Goza once believed that he could support Black America's struggle for equality without supporting reparations Reparations he thought were altogether irrelevant to the real work of racial justice This is a book about why he was wrong In fact any effort to heal our nation's wounds will fail without reparations In *Rebirth of a Nation* Goza exposes lesser known aspects of racism in American history and how Black people have consistently been depicted as responsible for their own oppression to justify slavery Jim Crow mass incarceration and gross inequality Goza's iconoclastic and incisive account exposes how revered figures like Thomas Jefferson and Abraham Lincoln embedded white supremacy deep into our nation's consciousness and how Ronald Reagan manipulated this ideology so that society cheered as he advanced a set of policies that wounded our nation and intensified Black America's suffering But *Rebirth of a Nation* is not merely about accountability It is also about hope A reparations process is not a utopian dream Goza offers a practical path toward closing the racial wealth gap *Rebirth of a Nation* shows readers how they can join the reparative process working toward the creation of a more perfect union      *The Swedish-American Historical Quarterly*, 1993      *Again in Sweden* Carl Aaron Swensson, 1898      *Letters to America from Old England* Bernard Gilbert, 1926      **Swedish-American Historical Quarterly**, 1996      **Norwegian Special Catalogue for the International Exhibition at Philadelphia, 1876** Norway.
