Matsuri! Japanese Festival Arts Gloria Gonick, 2002 The spectacular Japanese community festivals known as matsuri are centuries old Even today in a society driven by technological advancement these annual rites continue to function as a mechanism for purification and renewal and also to ensure all aspects of communal productivity The pageantry of these events their extraordinary dress performance and Shinto Buddhist ritual enactment brings communities together in an act of worship that is as well an extravagant artistic celebration Dominated by the gorgeous textiles worn by troupes of participants matsuri also boldly incorporate decorated banners exquisitely dressed festival wagons dramatic masks and elaborate portable shrines The historical importance of matsuri within the cycle of annual religious events in Japan is also reflected in the representation of these festivals in several pictorial forms from lavish screen paintings to elegant woodblock prints This volume identifies and describes the exuberant textiles and costumes of matsuri and considers their significance within their cultural context Many of the examples illustrated date from the Meiji period 1868 1912 the last time when handwork was produced by individual artisans for their own use or that of their neighbors The unique focus on festival arts in this book allows us to identify the special aesthetics that differentiate the textiles worn and used on Japan s holy days At matsuri a cascade of beautifully crafted garments in vibrant hues meets the eyes foregrounded distinctly against the hushed simplicity of the Shinto shrine It is an incredibly vital spectacle of human artistry at the service of a sacred occasion Matsuri documents the use of textiles in more than 25 different festivals scattered over the length and breadth of Japan The book interweaves these textiles with the other arts that constitute matsuri as well as with their symbolic meanings and the history of textile making in Japan Gorgeous photographs bring the festivals to life Gloria Granz Gonick is a student of Japanese textiles and culture Other contributors include Yo ichiro Hakomori adjunct assistant professor of architecture at the University of Southern California Hiroyuki Nagahara assistant professor of Japanese at the University of Hawai i at Manoa and Herbert Plutschow professor of East Asian languages and cultures at UCLA and author of *Matsuri The Festivals of Japan* among other books **Festival of Japanese Art** Instituto Nacional de Bellas Artes (Mexico) (México), 1968 **Matsuri and Religion** , 2021-08-30 Bringing together the innovative work of scholars from a variety of disciplines Matsuri and Religion explores festivals in Japan through their interconnectedness to religious life in both urban and rural communities Each chapter informed by extensive ethnographic engagement focuses on a specific festival to unpack the role of religion in collective ritualized activities With attention to contemporary performance and historical transformation the study sheds light on understandings of change identity and community as well as questions regarding intangible cultural heritage tourism and the
