Morality and Self-interest Paul Bloomfield, 2008 The relationship between morality and self interest is a perennial one in philosophy For Plato Hobbes Kant Aristotle Hume Machiavelli and Nietzsche it lay at the heart of moral theory This text introduces the topic and looks at its place in philosophical history *Duty to Self* Paul Schofield, 2021-03-23 That we owe duties to others is a commonplace the subject of countless philosophical treatises and monographs Morality is interpersonal and other directed many claim But what of what we owe ourselves This is the first contemporary book length treatment of the topic of duties to the self Paul Schofield explores how this theory impacts many areas of moral philosophy including practical reasoning moral psychology and moral emotions He also discusses many prominent topics in political philosophy through this lens including distributive justice coercion law legitimacy and paternalism **The Moral Self** Pauline Chazan, 2002-11-01 The Moral Self addresses the question of how morality enters into our lives Pauline Chazan draws upon psychology r ral philosophy and literary interpretation to rebut the view that morality s role is to limit desire and control self love Perserving the ancients connection between what is good for the self and what is morally good Chazan argues that a certain kind of care for the self is central to moral agency Her intriguing argument begins with a critical examination of the views of Hume Rousseau and Hegel The constructive part of the book takes a more unusual turn by synthesising the work on the analyst Heinz Kohut and Aristotle into Chazan s own positive account which is then illustrated by the use of Russian literature Morality, Self-knowledge, and Human Suffering Josep E. Corbí, 2012 In this wholly original study Josep Corbi asks how one should relate to a certain kind of human suffering namely the harm that people cause one another Relying upon real life examples of human suffering including torture genocide and warfare as opposed to thought experiments Corbi proposes a novel approach to self knowledge that runs counter to standard Kantian approaches to morality The Nature of the Self Paul Cobben, 2009 The human self is a free self that gets shape in a society in which it is both equal to the others and

unique Therefore the modern debate on society is dominated by the determination of the relation between right and morality This work argues that this relation has to be developed as a systematic elaboration of the mind body relation **Psychology of the Moral Self** Bernard Bosanquet,1897 *Self-deception and Morality* Mike W. Martin,1986 This book systematically explores the moral issues surrounding self deception While many articles and books have been written on the concept of self deception in recent years Martin s gives much greater emphasis to self deception as a significant topic for both ethical theory and applied ethics Self deception is perplexing from a moral point of view It seems tailor made to camouflage and foster immorality Does all self deception involve some guilt and is it among the most abhorrent evils as some moralists and theologians have charged Or is it only wrong sometimes such as when it has bad consequences Could it on occasion be permissible or even desirable to deceive ourselves just as we are sometimes justified in deceiving other people Are self deceivers perhaps more like innocent victims than perpetrators of deceit and as such deserving of compassion and help Or paradoxically are they best viewed with ambivalence culpable as deceivers and simultaneously innocent as victims of deception from the introduction Martin develops a conception of self deception as the purposeful evasion of acknowledging to oneself truths or one s view of truth He details a systematic framework for understanding the main moral perspectives and traditions concerning self deception that have emerged in western philosophy In so doing he clarifies related concepts like sincerity authenticity honesty hypocrisy weakness of will and self understanding Ranging across traditions both philosophical Kant Kierkegaard and Sartre and non philosophical Freud Eugene O Neill and Henrik Ibsen Martin shows why self deception is as morally complex as any other major form of behavior The appeal of this book is broad The volume will challenge professional philosophers and psychologists yet it is organized and written to be accessible to students in courses on ethics philosophy of mind and philosophy of literature Martin s numerous literary examples should also interest literary critics

The Fragility of the Moral Self Laurence Thomas,1997 Moral Self-regard Lara Denis,2001 Moral Self Regard draws on the work of Marcia Baron Joseph Butler and Allen Wood among others in this first extensive study of the nature foundation and significance of duties to oneself in Kant s moral theory **Morality and Self-Interest** Paul Bloomfield,2007-12-14 Ever since Know Thyself was inscribed at Delphi Western philosophers have struggled to understand the relations between morality and self interest This edited volume of essays pushes forward one of the oldest and most important debates in philosophy Is morality a check on self interest or is it in one s self interest to be moral Can morality and self interest be understood independently of each other Christopher Morris The Trouble With Justice Mathias Risse Nietzsche on Selfishness Justice and the Duties of the Higher Men Richard Joyce Morality Schmorality David Schmidtz Because It s Right Thomas Nagel The Value of Inviolability Samuel Scheffler Potential Congruence Stephen Finlay Too Much Morality Terence Irwin Scotus and the Possibility of Moral Motivation Ralph Wedgwood Butler on Virtue Self Interest and Human Nature Julia Annas Virtue Ethics and the Charge of Egoism W D Falk Morality Self and Others Paul Bloomfield Why It s Bad

Morality is not declining in the modern world Instead a new morality is replacing the previous one Centered on individual self fulfillment and linked to administrative government it permits things the old morality forbid like sex for pleasure but forbids things the old morality allowed like intolerance and equality of opportunity **Moral development, self, and identity**
Daniel K. Lapsley, Darcia Narváez, 2004 This volume examines the psychological social relational and cultural foundations of the most basic moral commitments It begins by looking at the seminal writings of Augusto Blasi whose writings on moral cognition the development of self identity and moral personality have transformed the research agenda in moral psychology This work is now the starting point of all discussion about the relationship between self and morality the developmental grounding of the moral personality and the moral integration of cognition emotion and behavior Indeed it is now widely believed that organizing self understanding around basic moral commitments is crucial to the formation of a moral identity which in turn underwrites moral conduct Using Blasi's work as a point of departure a distinguished interdisciplinary and international group of scholars have contributed essays summarizing their own theoretical and empirical research on these topics This book features new theories of moral functioning that range across several psychological literatures including social cognition cognitive science and personality development Examining the social relational communitarian and cultural aspects of moral self identity it provides a comprehensive account of moral personality Uniformly integrative field expanding and on the cutting edge of research on moral development and personality the book appeals to scholars developmental theorists and graduate students interested in issues of moral development education and behavior as well as cognitive development theory *Psychology of the Moral Self* Bernard Bosanquet, 1965 *Moral Self-Regard* Lara Denis, 2013-09-13
Moral Self Regard draws on the work of Marcia Baron Joseph Butler and Allen Wood among others in this first extensive study of the nature foundation and significance of duties to oneself in Kant's moral theory Kantian Moral Theory and the Destruction of the Self Sandra Jane Fairbanks, 2020-11-09 This book explains Kantian morality against an interrelated set of criticisms that constitute the most influential contemporary critique of Kantian morality It demonstrates that a theory which emphasizes the guidance of impartial moral principles does not threaten a person's feelings of attachment **The Theories of Darwin and Their Relation to Philosophy, Religion, and Morality** Rudolf Schmid, 1883 **The Beloved Self** Alison Hills, 2010-04-29 The Beloved Self is about the holy grail of moral philosophy an argument against egoism that proves that we all have reasons to be moral Part One introduces three different versions of egoism Part Two looks at attempts to prove that egoism is false and shows that even the more modest arguments that do not try to answer the egoist in her own terms seem to fail But in part Three Hills defends morality and develops a new problem for egoism an epistemological problem She shows that it is not epistemically rational to believe the most plausible versions of egoism The first part of the book will be most

relevant to those interested in moral theory as it contains detailed discussions of recent interpretations of virtue ethics and especially of Kant's moral theory. The second and third part of the book turn to epistemology particularly moral epistemology and include an account of the relationship between knowledge and action a new theory of moral understanding and a discussion of the epistemically rational response to various kinds of disagreement. Hills also defends a new account of virtue and of morally worthy action.
