Morals Equals Manners:

Morals Equals Manners Ruth Nanda Anshen, 1993-03-01 Seeks a way in which all people can think of themselves as a single world society on the basis of a single moral system while retaining each culture's individuality Good Morals and Gentle Manners Alexander Murdoch Gow, 1873 *The calling of social thought* Christopher Adair-Toteff, Stephen Turner, 2019-01-09 Edward Shils was a central figure in twentieth century social thought He held appointments both at Chicago and Cambridge and was a crucial link between British and American intellectual life This volume collects essays by distinguished contributors which deal with the major facets of Shils thought including his relations with Michael Polanyi his parallels with Michael Oakeshott his defense of the traditional university his fundamental philosophical anthropology and his important work on such topics as tradition civility and the nation As an introduction to this complex and original thinker it will be of interest to scholars and students in a number of fields including sociology and social theory but also to anyone interested in the intellectual life as it was lived in the mid twentieth century in the face of the Cold War and ideological struggle **On Manners** Karen Stohr, 2012-05-22 Many otherwise enlightened people often dismiss etiquette as a trivial subject or worse yet as nothing but a disguise for moral hypocrisy or unjust social hierarchies Such sentiments either mistakenly assume that most manners merely frame the real issues of any interpersonal exchange or are the ugly vestiges of outdated unfair social arrangements But in *On Manners* Karen Stohr turns the tables on these easy prejudices demonstrating that the scope of manners is much broader than most people realize and that manners lead directly to the roots of enduring ethical questions Stohr suggests that though manners are mostly conventional they are nevertheless authoritative insofar as they are a primary means by which we express moral attitudes and commitments and carry out important moral goals Drawing primarily on Aristotle and Kant and with references to a wide range of cultural examples from Jane Austen's *Pride and Prejudice* to Larry David's *Curb Your Enthusiasm* the author ultimately concludes that good manners are essential to moral character **Politeness and Poetry in the Age of Pope** Thomas M. Woodman, 1989 Interest in politeness in the eighteenth century is shown to reflect anxiety about social change and indicate a search for guidelines in a newly commercialized society Evident is the dilemma of poets such as Parnell Prior Swift Gay and Pope *Imagining Italians* Joseph P. Cosco, 2012-02-01 Integrating history literary criticism and cultural studies *Imagining Italians* vividly tells the story of two voyages across the Atlantic America's cultural pilgrimage to Italy and the Italian racial odyssey in America It examines how American representations of Italy Italians and Italian Americans engaged with national debates over immigration race and national identity during the period 1880-1910 Joseph P. Cosco offers a close analysis of selected works by immigrant journalists Jacob Riis and Edward Steiner and American iconographic writers Henry James and Mark Twain Exploring their Italian depictions in journalism photos travel narratives and fiction he rediscovers the forgotten Edward Steiner and offers fresh readings of Riis's reform efforts and photography James's *The Golden Bowl* and *The American Scene* and Mark Twain's

Pudd nhead Wilson *Principles and Practice of Morality* Ezekiel Gilman Robinson,1888 This book has been made for a service which no one of its predecessors could be persuaded to render It embodies the lectures its author has given to his classes in Ethics and is what it purports to be distinctively a text book It touches existing controversies only so far as is necessary for the elucidation or defence of its own positions The aim has been to condense rather than to expand its discussions and to diminish rather than to multiply its pages Preface **Moral Education for Americans** Robert D. Heslep,1995-08-30 Discusses the changes that schools families political structures and economic institutions must undergo if they are to support the moral education of Americans Self Culture for Young People: Morals, manners, business and civics Andrew Sloan Draper,1906 Transactions National Eclectic Medical Association,1882 Reports to the General Assembly of Illinois at Its ... Regular Session Illinois,1898 The Right to a Human Minimum Stephen Onyango Ouma,2025-08-02 This book provides a profound exploration of the concept of a human minimum as articulated by the renowned African philosopher H Odera Oruka It delves into the pressing issue of global inequality and examines how basic rights such as access to food shelter education and healthcare are fundamental to human dignity and should be accessible to all regardless of socioeconomic status In a world where the gap between the rich and the poor continues to widen Oruka s philosophical framework is a blueprint for addressing this divide Through a critical analysis of Oruka s work this book presents the philosophy of a human minimum and describes why basic rights are essential to ensuring justice equity and sustainable development It contextualizes these ideas within contemporary challenges including poverty unemployment and the global disparities exacerbated by economic systems that favor wealth accumulation by the few This exploration pushes beyond abstract theory offering practical insights into policy solutions and societal structures that can uphold the dignity of every individual It argues that achieving this requires not only ethical responsibility but systemic change in political and economic structures By rethinking development governance and social justice through the lens of Oruka s philosophy the book presents a compelling case for policies and actions that guarantee the human minimum for all This book is of interest to scholars of philosophy social justice advocates policymakers and anyone committed to addressing global inequality It provides a roadmap for how societies can move toward a more equitable future *How to Develop Power and Personality in Speaking* Grenville Kleiser,1909 **The Ethics of Killing** Jeff McMahan,2002-01-03 This magisterial work is the first comprehensive study of the ethics of killing where the moral status of the individual killed is uncertain Drawing on philosophical notions of personal identity and the immorality of killing McMahan looks carefully at a host of practical issues including abortion infanticide the killing of animals assisted suicide and euthanasia **The Pennsylvania School Journal** Thomas Henry Burrowes,James Pyle Wickersham,Elnathan Elisha Higbee,David Jewett Waller,Nathan C.
