Wright, 2009-12-11 Dennis Zill's mathematics texts are renowned for their student friendly presentation and robust examples and problem sets The Fourth Edition of Single Variable Calculus Early Transcendentals is no exception This outstanding revision incorporates all of the exceptional learning tools that have made Zill's texts a resounding success Appropriate for the first two terms in the college calculus sequence students are provided with a solid foundation in important mathematical concepts and problem solving skills while maintaining the level of rigor expected of a Calculus course **The Calculus Collection** Caren L. Diefenderfer, Roger B. Nelsen, 2010-12-31 The Calculus Collection is a useful resource for everyone who teaches calculus in high school or in a 2 or 4 year college or university It consists of 123 articles selected by a panel of six veteran high school teachers each of which was originally published in Math Horizons MAA Focus The American Mathematical Monthly The College Mathematics Journal or Mathematics Magazine The articles focus on engaging students who are meeting the core

ideas of calculus for the first time The Calculus Collection is filled with insights alternate explanations of difficult ideas and suggestions for how to take a standard problem and open it up to the rich mathematical explorations available when you encourage students to dig a little deeper Some of the articles reflect an enthusiasm for bringing calculators and computers into the classroom while others consciously address themes from the calculus reform movement But most of the articles are simply interesting and timeless explorations of the mathematics encountered in a first course in calculus
