Matrimonios E Infidelidades

Martha Eulalia Altisent

Matrimonios E Infidelidades:

Matrimonios e infidelidades Joyce Carol Oates, 1983 Pequeñas infidelidades en la pareja Dr. Patrick Blachire, Sophie Rouchon, 2016-04-25 Tanto si suscita fascinación como inquietud tanto si se ha protagonizado el engaño como si se ha sido víctima de este la cuestión de la infidelidad aparece tarde o temprano en la pareja a no ser que se haya decidido practicar la política del avestruz Este libro no es ni un manual para aprender a engañar ni un breviario para soportar con resignación los devaneos del cónyuge sino que se propone dar una respuesta tan lúcida como sea posible a todas las preguntas que uno se formula sobre este delicado tema Por qué hoy en día es tan difícil mantenerse fiel Son diferentes las necesidades de ambos sexos Es normal ser celoso Y hasta qué punto cómo se puede vivir con un cónyuge infiel Los intercambios y otras prácticas liberales son buenos Se debe hablar de las infidelidades Cómo superar una crisis causada por una infidelidad Por qué los hombres y las mujeres reaccionan de distinto modo Cómo se puede evitar la rutina sin recurrir al engaño El doctor Patrick Blachire es psiquiatra y sexólogo Visita a diario parejas afectadas por el tema de la infidelidad Sophie Rouchon es periodista especializada en prensa femenina **Entendiendo a la Pareja**, 2014-02 Usando como punto de partida los enfoques teóricos que han guiado su práctica ocho terapeutas latinoamericanos revisan tanto los cambios en los patrones de relación de hombres y mujeres que han ocurrido en los últimos años como lo que significa ser terapeuta en la actualidad Entre los temas explorados en este libro se encuentran las historias patriarcal y matriarcal de la pareja en la sociedad mexicana la espiritualidad en el crecimiento de la relación conyugal el enamoramiento y el amor en una posmodernidad narcisista la superación de la crisis de infidelidad las nuevas formas de vida en pareja y la ayuda que puede ofrecer un terapeuta Con su análisis de los cambios que se han llevado a cabo en la estructura y funcionamiento tradicionales de la pareja durante las últimas décadas este libro resulta un recurso invaluable tanto para la pareja que busca mejorar su comprensión de sí misma como para el terapeuta que busca ayudarlo LA RUPTURA MATRIMONIAL EN LA ANDALUCÍA DE LAS 'LUCES' Alonso Manuel Macías Domínguez, 2020-12-13 La obra estudia la ruptura matrimonial en el antiguo Arzobispado de Sevilla las actuales diócesis de Huelva Sevilla y Jerez de la Frontera en la segunda mitad del siglo XVIII Un periodo en el que pese al avance de la sensibilidad dieciochesca y sus renovadas normas de comportamiento en el ámbito público y privado siguen vigentes muchos de los conflictos maritales localizados en siglos anteriores Ante el tribunal arzobispal pasaron hombres y mujeres con sus razones y sus quejas malos tratos infidelidades desgobierno que nos ofrecen una imagen de la realidad por la que debieron transitar los matrimonios mal avenidos del momento También de las respuestas facilitadas por la Justicia y el Derecho canónicos de entonces **Matrimonio, adulterio, divorcio** Alexandre Dumas, 1873 El dilema de la pareja Esther Perel, 2019-03-15 Esther Perel la icónica terapeuta de parejas y autora bestseller de Inteligencia emocional Diana 2007 regresa con una provocadora reflexión sobre el mundo de las relaciones amorosas Por qué la gente engaña incluso si tiene un matrimonio feliz Es posible amar a más de una persona a la vez Puede la infidelidad ayudar a una pareja La traición duele

pero sanar es posible Tras más de una década de trabajo con cientos de personas que han luchado con el engaño Perel plantea en este libro una nueva y revolucionaria visión de la infidelidad no solo como una destructora de matrimonios sino también como un rasgo inherente a nuestra condición humana y hasta una puerta para construir una nueva relación con la misma persona Como observa Perel el amor es desordenado la infidelidad más aún Pero también es una ventana como ninguna otra a las grietas del corazón humano **El adulterio** Diego Vicente Tejera y García,1928 ¿POR QUE LE ES INFIEL?

ESTEBAN CAÑAMARES MEDRANO,2004-11-03 Hasta ahora la infidelidad era abordada como una cuestión moral Se era o no era infiel por ser o no ser mala persona Este libro aborda las razones psicológicas de fondo que pueden llevar a una persona a ser infiel a pesar de los riesgos costes y esfuerzos que ello pueda suponer bucnado en las razones no siempre conscientes y evitando entrar en cuestiones morales Entra de lleno en el papel que juega el cónyuge engañado en por qué se deja engañar en el tipo de amante que cada persona necesita y busca en la evolución previsible de cada tipo de infidelidad La antiquísima cuestión de quién es más infiel si hombres o mujeres se aborda sin prejuicios y con datos que sorprenderán al lector Las conclusiones quizás le sorprendan a más Se encontraran retratados quienes mantengan conductas de infidelidad y quieran ocultarlo quienes deseen superar la tentación de ser infieles aquellos que busquen detectar infidelidad de su pareja y quienes deseen crear las condiciones más óptimas para minimizar el riesgo de que la pareja les engañe sazonado con anécdotas y hechos reales que pueden provocar una amplia sonrisa Interesante tanto para el estudioso de la conducta humana como para aquellas personas no introducidas en temas psicológicos Tanto para mujeres como para hombres Para personas mayores que quieren comprender su comportamiento pasado o el de sus allegados como para personas más jóvenes que todavía han de enfrentarse a este espinoso tema de la cida en pareja Esteban Cañamare es psicólogo especializado en temas de pareja familiar y sexuales Sus libros conferencias cursos e intervenciones públicas suelen centrarse en temas largamente eclipsados por prejuicios y tabúes sociales Sus opiniones basadas en observaciones profesionales pueden causar adhesiones o críticas pero jamás indiferencia **El discurso del matrimonio en la obra de Zora Neale Hurston** María Frías,1998 *Fisiología del matrimonio o Meditaciones de filosofía ecléctica sobre la felicidad y la desgracia conyugales* Honoré de Balzac,1871* **¿Y ahora qué hacemos?** Alejandra Godoy Haeberle,Antonio Godoy Delard,2019-03-01 De qué manera se puede abordar terapéuticamente los episodios de infidelidad en la pareja Qué entendemos por infidelidad Han aumentado las infidelidades en el último tiempo Quién fue infiel lo volver a ser Una pareja se puede recuperar después de una infidelidad Estas y otras preguntas que muchos nos hemos hecho por años respecto de la infidelidad son las que responden los psicólogos Alejandra y Antonio Godoy especialistas en pareja y sexualidad A través del análisis de numerosos casos y de una extensa revisión de investigaciones los autores abordan uno de los temas más complejos que viven algunas parejas la infidelidad y cómo abordarla para evitar un quiebre Con una vasta base teórica y a partir del estudio de ejemplos muy actuales Alejandra y Antonio Godoy ofrecen una nueva mirada la cual puede servir como guía para parejas terapeutas comunicadores y para todos aquellos que

quieran orientar a aquellas que están pasando por esta compleja situación como lo es una crisis pos infidelidad. Nuestro principal objetivo es entregarles una mirada amplia y desprejuiciada que los ayude a derribar el sinnúmero de mitos que prevalecen al hablar de infidelidad. Para ello procuramos exponerles desde distintos ángulos los hallazgos más relevantes basándonos tanto en información empírica como en nuestros años de experiencia clínica. Tenemos la esperanza de que ahora están más dispuestos a dejar de lado sus creencias TAN arraigadas y generen nuevas interpretaciones que los conduzcan no solo a evitar la separación sino también a fortalecer su relación. Aseguran los expertos en su libro. Como ellos mismos plantean la idea es entregar una visión más amplia respecto de la infidelidad y persuadir a quienes la han vivido de que esta problemática no puede ser vista desde categorías como bueno y malo y de que no existen verdades absolutas en este asunto. Es posible que al final queden más preguntas y cuestionamientos en el aire que respuestas y aseveraciones. Lo que puede ser una tremenda oportunidad para enriquecer el diálogo de la pareja.

Ficción erótica española desde 1970 Martha Eulalia Altisent, 2006. Presents a study on the subject of sentimental and sexual attitudes as reflected in Spanish contemporary short fiction that focuses on the changing mores and protocols of sexual expression since the end of Franco's dictatorship.

La infidelidad y el adulterio en España Pablo José Abascal Monedero, 2009. Se trata de una amena monografía sobre el adulterio y la infidelidad conyugal en la que se estudia esta materia en cada época de la historia del derecho español desde diferentes puntos de vista: el legal, el histórico, el literario y el antropológico sirviendo como hilo conductor las principales etapas e hitos históricos legislativos que son estudiados conectándolos con casos y procesos del periodo.

Psicología positiva/ Positive Psychology Alan Carr, 2007-10-04. Durante gran parte de los últimos 50 años los psicólogos clínicos se han dedicado principalmente a remediar déficits y afrontar problemas. En cambio la psicología positiva se propone sobre todo potenciar la felicidad y el equilibrio personal mediante el estudio científico del papel que adquieren la fuerza interior de cada individuo y los sistemas sociales positivos en el fomento de un bienestar óptimo. Así este libro se propone investigar todos los temas básicos de la psicología positiva incluyendo la felicidad, la esperanza, la creatividad y la sabiduría en el contexto de sus posibles aplicaciones en la práctica clínica. Psicología positiva es una obra excepcional porque ofrece una introducción asequible a este campo inexplorado de la psicología clínica. Sin duda es un recurso valioso para estudiantes y profesores universitarios de psicología que hallarán muy útiles los objetivos de aprendizaje y las propuestas de investigación que se incluyen en cada capítulo. También es de interés para quienes se dedican a la formación de postgrado en otras áreas afines como el trabajo social, la orientación psicopedagógica y la psicoterapia.
