

Foreword by Gloria Gaither

A colorful illustration of children playing in a body of water. In the upper left, a group of children are on a large yellow inflatable ring. In the center, a boy is on a purple ring. To the right, a girl is on a colorful ring. In the lower right, a boy is sitting on a beach chair, looking out at the water. The background shows a blue sky with white clouds and a sandy beach with green grass.

My Life As A Bystander:

Adventures of a Bystander Peter Drucker, 2017-07-12 Peter Drucker's lively and thoughtful memoirs are now available in paperback with a new introduction by the author. He writes with wit and spirit about people he has encountered in a long and varied life including Sigmund Freud, Henry Luce, Alfred Sloan, John L. Lewis, and Marshall McLuhan. After beginning with his childhood in Vienna during and after World War I, Drucker moves on to Europe in the 1920s and early 1930s, describing the imminent doom posed by Hitler and the Nazis. He then goes on to describe London during the 1930s, America during the New Deal era, the World War II years, and beyond. According to John Brooks of The New York Times Book Review, Peter Drucker is at a corner cafe delightfully regaling anyone who will listen with tales of what must be one of the more varied and for a practitioner of such a narrow skill as that of management counseling, astonishing of contemporary professional lives. Dorothy Rabinowitz of the Washington Post writes, "The famous are here as well as the infamous. All are the beneficiaries for better or for worse of Drucker's unerring eye for psychological detail, his remorseless curiosity, and his imaginative sympathy." Drucker's book appears in a stroke to have restored the art of the memoir and of the essay. Adventures of a Bystander reflects Drucker's vitality, infinite curiosity, and interest in people, ideas, and the forces behind them. His book is a personal and informal account of the rich life of an independent man of letters, a life that spans eight decades and two continents. It will be of interest to scholars and professionals in the business world, historians, sociologists, and admirers of Peter Drucker. The Edinburgh Magazine and Literary Miscellany, 1820 Necessity and Proportionality in International Peace and Security Law Claus Kreß, Robert Lawless, 2021 There are legal limits on the circumstances under which states may use military force to address a perceived or actual threat. The concepts of necessity and proportionality are central to these limitations imposed by the law. Necessity and Proportionality in International Peace and Security Law explores the many ways in which necessity and proportionality arise in the law on the modern battlefield, which is rapidly changing, complex, and ambiguous. **Rights, Restitution, and Risk** Judith Jarvis Thomson, 1986 Moral theory should be simple: the moral theorist attends to ordinary human action to explain what makes some acts right and others wrong, and we need no microscope to observe a human act. Yet no moral theory that is simple captures all of the morally relevant facts. In a set of vivid examples, stories, and cases, Judith Thomson shows just how wide an array of moral considerations bears on all but the simplest of problems. She is a philosophical analyst of the highest caliber who can tease a multitude of implications out of the story of a mere bit of eavesdropping. She is also a master teller of tales which have a philosophical bite. Beyond these pleasures, however, she brings new depth of understanding to some of the most pressing moral issues of the moment, notably abortion. Thomson's essays determinedly confront the most difficult questions: What is it to have a moral right to life or any other right? What is the relation between the infringement of such rights and restitution? How is rights theory to deal with the imposition of risk? Review Journal of Political Philosophy, Volume 9 J. Jeremy Wisniewski, 2013-01-16 This journal has been discontinued. Any
