A Gift from God James A. Gauthier J.D.,2018-01-16 God created Eve from Adam's rib Did God create Hayden from Ian and Eli The young pregnant mother appeared and said I am here to deliver this child Ian delivered her baby but she died instantly when anesthesia was administered DNA established that the young woman was a hermaphrodite Biblical angels are hermaphrodites Her body was sent to the morgue and later requests were made to return the body for further DNA testing but the young woman was gone leaving behind her surgical gown The child she delivered was the mirror image of Ian Eli Hayden shares an equal IQ blood chemistry and DNA with her adoptive parents Her heart beats in unison with her adoptive parents and she has many of gifts possessed by her mother The DNA verifies that Hayden is Of her parents and not From her parents To be of means to be

created in the likeness of the parents as Eve was created from Adam by God Read this book and see God s hand in Hayden s creation and reflect on God s promise to be with Hayden always     **Memory and the Holocaust** Judith Tydor Baumel-Schwartz,David Clark,2025-05-06 The importance of recording testimony of Holocaust survivors is well understood While empowering the survivor and adding another layer of documentation about the cataclysm it also serves as a bulwark against Holocaust denial The same holds true for helping survivors pen their memoirs or when writing their history At the same time this process also impacts upon the person recording the testimony assisting the survivor in writing his or her memoirs and certainly upon those who write about the survivors What happens when the interviewer biographer translator or memoir transcriber is a child or grandchild of that survivor This book is based on the premise that a collection of personal narratives of descendants of Holocaust survivors who interviewed their parents grandparents wrote their history or helped them with their memoirs narratives in which they describe and analyze the impact of these activities on their personal trajectories can greatly contribute to our understand of the Holocaust and particularly its aftermath Each of the book s 14 chapters is a personal narrative by a child or grandchild of Holocaust survivors who analyzes the impact that their interviewing writing about or writing with their surviving parents grandparents had upon their lives     **A Handbook of**
