**Nancy Oster, Lucy Thomas, Darol Joseff**

## **Making Medical Decisions:**

Making Medical Decisions Richard Gross, 1999 Never before have the powerful techniques of decision analysis had more importance for patient and doctor This book translates the major principles of medical decision making into clinically relevant and easy to understand terms Filled with examples drawn from patient care and familiar games of chance Making Medical Decisions teaches the reader how to feel confident about giving the best advice in the face of the inherent uncertainties of real world medicine *Making Health Care Decisions* United States. President's Commission for the Study of Ethical Problems in Medicine and Biomedical and Behavioral Research, 1982 *Encyclopedia of Medical Decision Making* Michael W. Kattan, 2009-08-15 Decision making is a critical element in the field of medicine that can lead to life or death outcomes yet it is an element fraught with complex and conflicting variables diagnostic and therapeutic uncertainties patient preferences and values and costs Together decisions made by physicians patients insurers and policymakers determine the quality of health care quality that depends inherently on counterbalancing risks and benefits and competing objectives such as maximizing life expectancy versus optimizing quality of life or quality of care versus economic realities Broadly speaking concepts in medical decision making MDM may be divided into two major categories prescriptive and descriptive Work in the area of prescriptive MDM investigates how medical decisions should be done using complicated analyses and algorithms to determine cost effectiveness measures prediction methods and so on In contrast descriptive MDM studies how decisions actually are made involving human judgment biases social influences patient factors and so on The Encyclopedia of Medical Decision Making gives a gentle introduction to both categories revealing how medical and healthcare decisions are actually made and constrained and how physician healthcare management and patient decision making can be improved to optimize health outcomes Key Features Discusses very general issues that span many aspects of MDM including bioethics health policy and economics disaster simulation modeling medical informatics the psychology of decision making shared and team medical decision making social moral and religious factors end of life decision making assessing patient preference and patient adherence and more Incorporates both quantity and quality of life in optimizing a medical decision Considers characteristics of the decisionmaker and how those characteristics influence their decisions Presents outcome measures to judge the quality or impact of a medical decision Examines some of the more commonly encountered biostatistical methods used in prescriptive decision making Provides utility assessment techniques that facilitate quantitative medical decision making Addresses the many different assumption perspectives the decision maker might choose from when trying to optimize a decision Offers mechanisms for defining MDM algorithms With comprehensive and authoritative coverage by experts in the fields of medicine decision science and cognitive psychology and healthcare management this two volume Encyclopedia is a must have resource for any academic library Making Medical Decisions for Someone Else American Bar Association. Commission on Law and Aging, 2009 **Practical Decision Making in Health Care Ethics** Raymond J.

Devettere,2009-12-04 For nearly fifteen years Practical Decision Making in Health Care Ethics has offered scholars and students a highly accessible and teachable alternative to the dominant principle based theories in the field Devettere s approach is not based on an ethics of abstract obligations and duties but following Aristotle on how to live a fulfilled and happy life in short an ethics of personal well being grounded in prudence the virtue of ethical decision making This third edition is revised and updated and includes discussions of several landmark cases including the tragic stories of Terri Schiavo and Jesse Gelsinger the first death caused by genetic research Devettere addresses new topics such as partial birth abortion law embryonic stem cell research infant euthanasia in The Netherlands recent Vatican statements on feeding tubes organ donation after cardiac death new developments in artificial hearts clinical trials developed by pharmaceutical companies to market new drugs ghostwritten scientific articles published in major medical journals and controversial HIV AIDS research in Africa This edition also includes a new chapter on the latest social and political issues in American health care Devettere s engaging text relies on commonsense moral concepts and avoids academic jargon It includes a glossary of legal medical and ethical terms an index of cases and thoroughly updated bibliographic essays at the end of each chapter that offer resources for further reading It is a true classic brilliantly conceived and executed and is now even more valuable to undergraduates and graduate students medical students health care professionals hospital ethics committees and institutional review boards and general readers interested in philosophy medicine and the rapidly changing field of health care ethics

Making Medical Decisions for Someone Else Erica Wood,Charles P. Sabatino,Jack Schwartz,J. Joseph Curran,2006      **Making Informed Medical Decisions** Nancy Oster,Lucy Thomas,Darol Joseff,2000 Introduces sources of medical information explaining how to locate and understand journal articles statistics treatment options complementary therapies and clinical trials      *Making Medical Decisions for the Profoundly Mentally Disabled* Norman L.

Cantor,2009-08-21 A legal and moral analysis of medical decision making on behalf of those with such severe cognitive impairments that they cannot exercise self determination In this book Norman Cantor analyzes the legal and moral status of people with profound mental disabilities those with extreme cognitive impairments that prevent their exercise of medical self determination He proposes a legal and moral framework for surrogate medical decision making on their behalf The issues Cantor explores will be of interest to professionals in law medicine psychology philosophy and ethics as well as to parents guardians and health care providers who face perplexing issues in the context of surrogate medical decision making The profoundly mentally disabled are thought by some moral philosophers to lack the minimum cognitive ability for personhood Countering this position Cantor advances both theoretical and practical arguments for according them full legal and moral status He also argues that the concept of intrinsic human dignity should have an integral role in shaping the bounds of surrogate decision making Thus he claims while profoundly mentally disabled persons are not entitled to make their own medical decisions respect for intrinsic human dignity dictates their right to have a conscientious surrogate make medical

decisions on their behalf Cantor discusses the criteria that bind such surrogates He asserts contrary to popular wisdom that the best interests of the disabled person are not always the determinative standard the interests of family or others can sometimes be considered Surrogates may even consistent with the intrinsic human dignity standard sometimes authorize tissue donation or participation in nontherapeutic medical research by profoundly disabled persons Intrinsic human dignity limits the occasions for such decisions and dictates close attention to the preferences and feelings of the profoundly disabled persons themselves Cantor also analyzes the underlying philosophical rationale that makes these decision making criteria consistent with law and morals *Making Health Care Decisions: Appendices, empirical studies of informed consent* United States. President's Commission for the Study of Ethical Problems in Medicine and Biomedical and Behavioral Research,1982

**Making Medical Decisions for Someone Else** American Bar Association. Commission on Law and Aging, New Hampshire. Probate Court,2006 *Making Health Care Decisions* President's Commission for the Study of Ethical Problems in Medicine and Biomedical and Behavioral Research, **Decision Making in Health Care** Gretchen B. Chapman, Frank A. Sonnenberg,2000 Decision making is a crucial element in the field of medicine The physician has to determine what is wrong with the patient and recommend treatment while the patient has to decide whether or not to seek medical care and go along with the treatment recommended by the physician Health policy makers and health insurers have to decide what to promote what to discourage and what to pay for Together these decisions determine the quality of health care that is provided *Decision Making in Health Care* first published in 2000 is a comprehensive overview of the field of medical decision making a rapidly expanding field that includes quantitative theoretical tools for modeling decisions psychological research on how decisions are actually made and applied research on how physician and patient decision making can be improved

**Making Medical Choices** Jane Stein, Jane J. Stein,1978 The central theme of this book is that technological advances in medicine have created a multitude of choices for each individual choices that can influence how we live and die These choices are difficult ones and the book provides a better understanding of the issues Thus the implications of each choice become clearer Such decisions remain inherently very difficult and personal Thoughtful compassionate societies must consider these difficult problems Can we develop mechanisms to assist in the medical choices that will inevitably take place throughout each individual's life Jane Stein makes a stimulating effort to clarify these subjects in this book She calls to attention problems we would prefer to avoid touches the untouchable and in so doing contributes to a constructive debate on the future of human life Preface **Making Medical Decisions** Katie Komasinski, Patrick A. Herrmann, Northern Indiana Health Systems Agency, Indiana Committee for the Humanities,1982 **Making Medical Decisions** American Association of Retired Persons. Health Advocacy Services,1994 **Medical Decision Making** Stefan Felder, Thomas Mayrhofer,2022-04-04 This textbook offers a comprehensive analysis of medical decision making under uncertainty by combining test information theory with expected utility theory The authors show how the parameters of Bayes theorem can

be combined with a value function of health states in order to arrive at informed test and treatment decisions in the face of diagnostic and therapeutic risks Distinguishing between risk neutral risk averse and prudent decision makers they demonstrate the effects of risk preferences on medical decisions Furthermore they analyze individual and multiple tests as well as diagnostic models in which the decision maker chooses the test outcome The consequences of test and treatment decisions for the patient are encompassed by quality adjusted life years QALYs and the standard economic model which applies the willingness to pay for health approach Lastly non expected utility models of choice under risk and uncertainty are presented Although these models can explain some of the test and treatment decisions observed they are less suitable for normative analyses aimed at providing guidance on medical decision making This third edition provides extensively revised versions of all chapters and reflects recent innovations in medical decision making such as decision curve analysis New chapters focus on the health economics of and revealed preferences in medical decisions The book is intended for students of health economics and medicine as well as for medical decision makers and physicians dealing with uncertainty in their test and treatment decisions

*Health Care Management and the Law* Hammaker, Thomas M. Knadig, 2017-03-02 Health Care Management and the Law 2nd Edition is a comprehensive practical health law text relevant to students seeking the basic management skills required to work in health care organizations as well as students currently working in health care organizations This text is also relevant to those general health care consumers who are simply attempting to navigate the complex American health care system Every attempt is made within the text to support health law and management theory with practical applications to current issues

Making Medical Decisions Thomas Scully, Celia Scully, 1989 This invaluable book offers practical help and illuminating examples for patients and their families facing difficult medical and ethical decisions

Resolving Ethical Dilemmas Bernard Lo, 2009-01-01 This timely resource offers clinicians expert guidance in approaching a wide range of ethical dilemmas and developing an action plan This edition includes a new chapter on ethical issues in cross cultural medicine and new material on conscientious objection by physicians in reproductive health and other areas

While this might not be the Making Medical Decisions full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Making Medical Decisions eBooks, including some popular titles.

## FAQs About Making Medical Decisions Books

**What is a Making Medical Decisions PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Making Medical Decisions PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Making Medical Decisions PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Making Medical Decisions PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Making Medical Decisions PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
