and mother shapes one's own life and has a deep influence on the success of one's own partnership on the relationship with one's own children and the satisfaction with one's own life In my more than 25 years of work on reconciliation between children and parents 7 steps have emerged which are useful to come to peace with the parents in depth In addition I talk about further blockades which come from the family system and which sometimes have to be dissolved These steps and other important insights are conveyed practically in this book You will experience the essence of my seminars and will be specifically instructed to take important steps inwardly **Making Peace with Your Parents** Harold H.
