My Ladybug:

My Ladybug's Alzheimer's Journey R.D. Carter, 2011-01-10 My Ladybugs Alzheimers Journey is about the disease that seemed too far removed to imagine it affecting the most important person in my life my mother My assumptions changed drastically when Alzheimer took over my mothers existence in all phases of her life My hope for help from the medical profession hit rock bottom when they informed me There is no cure for the disease It was even more agonizing when I watched my mother mysteriously drifting away from me disappearing into a world of disorientation and delirium I became a stranger to my own mother Near the end there was a paradoxical shift when I became the mother and my mother became my child My Ladybugs Alzheimers Journey chronicles the grueling challenges in the relationship between a mother and daughter that revolved within complex behaviors and grief of losing a living mother to a life destroyed by Alzheimers Disease Hopefully readers will join the journey where loved ones can walk together and reach a goal of empathy and understanding Ultimately the final aim is to help family members find ways of coping with the many faces of this life damaging disease Alzheimer
