The Whole-Hearted Healing Workbook Paula Courteau, 2013-07-01 This book at long last is the first Whole Hearted Healing tutorial written for the general public. For over 15 years Whole Hearted Healing has proven its worth as an effective trauma healing technique that puts all the control in the hands of the client and radically transforms problems into positive feelings. Some key insights by its developer Grant McFetridge translate into a remarkable rate of success. This book is intended for people with various levels of experience with regression therapies and Peak States work. For determined beginners it is a suitable guide to learning the technique on their own. For people who have attended a basic Whole Hearted Healing or Peak States workshop it is an in depth review of the material they covered. For people who have practised WHH for a few years using The Basic Whole Hearted Healing Manual as a guide it is an update written for laypeople that includes the latest advances in our understanding of traumas and healing. For therapists it is an aid in explaining WHH to clients and in empowering them to participate fully in their own healing. And it's an entry level textbook for students working with peak states of consciousness.

Trauma Treatment Techniques Jacqueline Garrick, Mary Beth Williams, 2014-05-22 Examine alternative techniques for dealing with post traumatic stress disorder. Trauma Treatment Techniques Innovative Trends examines alternative approaches to talk therapies that help relieve stress in trauma survivors. Experts in a range of practice areas present mental health providers with methods that augment or go beyond traditional techniques including art therapy, virtual reality, humor, residential programs, emotional freedom techniques, EFT, traumatic incident reduction, TIR, and thought field therapy, TFT. This unique book serves as a primer on new and creative means of working with combat veterans, survivors of child abuse, victims of rape and other violent crimes, refugees, victims of terrorism and disaster survivors. Since the late 19th century mental and medical health professionals, social workers, clinicians and counselors have attempted to help patients mitigate symptoms and reduce distress by employing a variety of treatment techniques, methods, strategies and procedures. Trauma Treatment Techniques Innovative Trends represents a significant addition to the available literature on post traumatic stress disorder, PTSD and acute distress, providing therapists with much needed options in their efforts to help trauma sufferers recover, find new meaning and reach for new hopes and happiness. Trauma Treatment Techniques Innovative Trends examines debriefing interventions in school settings, instructions and safeguards for using emotional freedom techniques, EFT, when debriefing in disaster situations, the use of creative art therapies to reach out to war refugees, the use of virtual reality based exposure therapy, VRE, to desensitize Vietnam veterans with PTSD from traumatic memories.
