Text from the 2016 Republican and Democratic Party platforms on key climate and energy issues.

**DEMOCRATIC  
PARTY PLATFORM**

**REPUBLICAN  
PARTY PLATFORM**

## CLIMATE CHANGE

"The best science tells us that without ambitious, immediate action across our economy... [climate] impacts will be far worse in the future. We cannot leave our children a planet that has been profoundly damaged."

"Climate change is far from this nation's most pressing national security issue. This is the triumph of extremism over common sense, and Congress must stop it."

## THE PARIS AGREEMENT

"Democrats share a deep commitment to...reducing greenhouse gas emissions more than 80 percent below 2005 levels by 2050; and meeting the pledge President Obama put forward in the landmark Paris Agreement."

"We reject the agendas of both the Kyoto Protocol and the Paris Agreement which represent only the personal commitments of their signatories..."

## CLEAN POWER PLAN

"Democrats are committed to defending, implementing, and extending smart pollution and efficiency standards, including the Clean Power Plan, fuel economy standards for automobiles and heavy-duty vehicles, building codes and appliance standards."

The "Clean Power Plan — the centerpiece of the President's war on coal — has been stayed by the Supreme Court. We will do away with it altogether. The Democratic Party does not understand that coal is an abundant, clean, affordable, reliable domestic energy resource."

## ENVIRONMENTAL PROTECTION AGENCY

"Democrats are committed to closing the Halliburton loophole that stripped the Environmental Protection Agency (EPA) of its ability to regulate hydraulic fracturing, and ensuring tough safeguards are in place...to protect local water supplies."

"We propose to shift responsibility for environmental regulation...to the states and to transform the EPA into an independent bipartisan commission..."

## KEystone XL PIPELINE

"We support President Obama's decision to reject the Keystone XL pipeline...We support a comprehensive approach that ensures all federal decisions going forward contribute to solving, not significantly exacerbating, climate change."

"The Keystone Pipeline has become a symbol of everything wrong with the current Administration's ideological approach. After years of delay, the President killed it to satisfy environmental extremists. We intend to finish that pipeline and others..."

## CARBON PRICING/TAX

"Democrats believe that carbon dioxide, methane, and other greenhouse gases should be priced to reflect their negative externalities..."

"We oppose any carbon tax...We urge the private sector to focus its resources on the development of carbon capture and sequestration technology..."

Schem,Henry Eckford Rhoades,1914      **Still Seeing Red** John Kenneth White,2018-02-07 In Still Seeing Red John Kenneth White explores how the Cold War molded the internal politics of the United States In a powerful narrative backed by a rich treasure trove of polling data White takes the reader through the Cold War years describing its effect in redrawing the electoral map as we came to know it after World War II The primary beneficiaries of the altered landscape were reinvigorated Republicans who emerged after five successive defeats to tar the Democrats with the soft on communism epithet A new nationalist Republican party whose Cold War prescription for winning the White House was copyrighted to Dwight Eisenhower Richard M Nixon Barry Goldwater and Ronald Reagan attained primacy in presidential politics because of two contradictory impulses embedded in the American character a fanatical preoccupation with communism and a robust liberalism From 1952 to 1988 Republicans won the presidency seven times in ten tries The rare Democratic victors John F Kennedy Lyndon B Johnson and Jimmy Carter attempted to rearm the Democratic party to fight the Cold War Their collective failure says much about the politics of the period Even so the Republican dream of becoming a majority party became perverted as the Grand Old Party was recast into a top down party routinely winning the presidency even as its electoral base remained relatively stagnant In the post Cold War era Americans are coming to appreciate how the fifty year struggle with

the Soviet Union organized thinking in such diverse areas as civil rights social welfare education and defense policy At the same time Americans are also more aware of how the Cold War shaped their lives from the duck and cover drills in the classrooms to the bomb shelters dug in the backyard when most Baby Boomers were growing up Like millions of Baby Boomers Bill Clinton can truthfully say I am a child of the Cold War With the last gasp of the Soviet Union Baby Boomers and others are learning that the politics of the Cold War are hard to shed As the electoral maps are being redrawn once more in the Clinton years landmarks left behind by the Cold War provide an important reference point In the height of the Cold War voters divided the world into us noncommunists versus them communists and reduced contests for the presidency into battles of which party would be tougher in dealing with the Evil Empire But in a convoluted post Cold War era politics defies such simple characteristics and presidents find it harder to lead Recalling how John F Kennedy could so easily rally public opinion an exasperated Bill Clinton once lamented Gosh I miss the Cold War
