Egge, 2001-01-22 The authors focus on the Indian in the short fiction from the magazine giving summaries of the plots including dialogue from the characters to show how American Indians were presented by story writers The earliest of these stories appeared in 1897 the last in 1968 Over this period of approximately seventy years 265 stories contain one Indian or many In some they are only mentioned in others they are central actors

Sovereignty and Law Wade Davies, Richmond L. Clow, 2009-02-04 American Indian Sovereignty and Law An Annotated Bibliography covers a wide variety of topics and includes sources dealing with federal Indian policy federal and tribal courts criminal justice tribal governance religious freedoms economic development and numerous sub topics related to tribal and individual rights While primarily focused on the years 1900 to the present many sources are included that focus on the 19th century or earlier The annotations included in this reference will help researchers know enough about the arguments and contents of each source to determine its usefulness Whenever a clear central argument is made in an article or book it is stated in the entry unless that argument is made implicit by the title of that entry Each annotation also provides factual information about the primary topic under discussion In some cases annotations list topics that compose a significant portion of an author's discussion but are not obvious from the title of the entry American Indian Sovereignty and Law will be extremely useful in both studying Native American topics and researching current legal and political actions affecting tribal sovereignty **Atkinson's Evening Post, and Philadelphia Saturday News**, 1929 **Immigration Restriction** Roy
