with notes bibliography index and contemporaneous illustrations A Look Behind the Derleth Mythos John D. Haefele, 2013-03 For decades critics have portrayed August Derleth as an intractable foolish and at times even villainous man tainting his legacy in the history of the modern weird tale This book contains new comprehensive scholarship and with sharp arguments and solid evidence John D Haefele dismisses the criticism and demonstrates why it is time to re establish Derleth s reputation Ground zero of the controversy are Derleth s posthumous collaborations with H P Lovecraft involving his pastiches and the debate concerning the Cthulhu Mythos vs the Derleth Mythos All this and much more John D Haefele looks at and engagingly analyzes With surprising yet convincing results It is time to set the record straight This book belongs on the shelf between Carter s *A Look Behind the Cthulhu Mythos* and Joshi s *The Rise and Fall of the Cthulhu Mythos* A must for anyone interested in Lovecraft Derleth Arkham House and the history of the modern weird tale *H.P. Lovecraft and the Cthulhu Mythos* Robert M. Price, 1989-09-01 *H.P. Lovecraft in Popular Culture* Don G. Smith, 2005-12-13 Howard Phillips Lovecraft was born late in the 19th century but it was not until after his death in 1937 that he became a worldwide icon of horror and supernatural fiction Influenced largely by Lord Dunsany and Edgar Allan Poe Lovecraft s stories are known for their unique assimilation of gothic themes into science fiction Lovecraft s influence has stretched far beyond literary horror as a number of his works have been adapted for feature films television episodes comic book tales and in recent years video games This scholarly study highlights Lovecraft s profound impact on 20th century popular culture Early chapters introduce his complete writings providing an annotated bibliography of the author s horror and science fiction tales The works are discussed in the context of the Cthulhu Mythos an invented mythology centering on ancient and alien beings interacting with the terrestrial world Later chapters provide a filmography of motion pictures that credit Lovecraft or are identifiably adapted from his works as well as a discussion of the works that have been adapted for television comic books role playing video games and music The book concludes with a close examination of the Lovecraft legacy commenting on his specific social and metaphysical ideologies and placing the author in context among such notable literary personalities as Mary Shelley Nathaniel Hawthorne and Robert Louis Stevenson In the Mountains of Madness W. Scott Poole, 2016-08-22 This smart shrewd and insightful biography of H P Lovecraft not only explores the author s fascinating life but also reveals his lasting power and influence on the entertainment industry and society as a whole Victor LaValle author of *The Changeling* Interweaving the biography of the legendary writer with an exploration of Lovecraft as a phenomenon *In the Mountains of Madness* strives to explain this reclusive cultish figure while challenging some of the general views held by Lovecraft devotees Focusing specifically on the large cross section of horror and science fiction fans who know Lovecraft through films role playing games and video games directly influenced by his work but who know little or nothing about the man himself *In the Mountains of Madness* places Lovecraft and his work in a cultural context as an artist more in tune with our time than his own More than a traditional biography this provocative book reclaims the true essence of Lovecraft in relation to the comics

of Joe Lansdale the novels of Stephen King and some of the biggest blockbuster films in contemporary America proving the undying influence of this rare and significant figure
