spiritual first aid kit **How Love Helps You** John Anthony O'Brien,1952 **God's Demonstrated Expressive Love** Dr. Thomas L. Driver, Ph.D., DMIN,2025-10-03 God's Demonstrated Expressive Love explores the profound nature of God's love as it is revealed through Scripture and demonstrated vividly through the life, death, and resurrection of Jesus Christ. This concept underscores that God's love is not merely distant or theoretical but is active, personal, and sacrificial in nature. It emphasizes that God's love involves deliberate actions, personal sacrifice, and a dedication to humanity's well-being, making it understandable and relatable to believers. The passage aims to deepen our understanding of God's steadfast love and how it manifests in both divine and personal situations. The story from creation to Calvary demonstrates God's intentional and visible love. Readers are encouraged to consider how divine love can heal, restore hope, and change lives. More than just a theological account, this book offers a devotional journey inviting believers to experience God's love daily and share it as a testimony of faith.

Truth of Life, Love, Liberty Mary C. Ferriter,1923 The Healing Power of Love Floyd McClung,1995 Too often people in pain want God to deal with the symptoms when God wants to deal with the heart. In The Healing Power of Love McClung shows how perfectly balanced God's way of healing is and how powerful it is to know that healing from the wounds of the world begins and ends with the unfailing love of God.

Stockham 1833-1912 was an obstetrician and gynecologist from Chicago, an enthusiastic fighter for a marital and sexual reform. In 1886 her self-publishing company released Tokology: A Book for Every Woman. This health guide became a bestseller. In 1896 she published Karezza: Ethics of Marriage, an outstanding plea for sexual reform and birth control. Her magnum opus The Lover's World: A Wheel of Life published in 1903 is based on her former works, comprehending all of her theoretical and practical knowledge as a medical doctor, social reformer, and spiritual thinker. Stockham's opus combines medical, ethical, anthropological, social, philosophical, cross-cultural, mystical, and religious perspectives. It is a key work for understanding the social, political, and intellectual situation in the United States and partially also in Europe about 1900. Her ideas are still very challenging nowadays regarding the crucial relation between sexuality and love, a controversial topic of all time.
