**But the Greatest of These Is Love** Edward M. Vigeant, 2014-03-05 This new Thought System emphasizes application rather than theology It specifically states that a universal religion is impossible but a Universal Experience is not only possible but also necessary This Universal Experience is Love Universal means that all of the billions of people who have passed through this world since time began and all of the people who are here now seven billion would know God God is Love To know Gods Love within is to know God Where learning ends there is Love Love is not learned There was never a time in which you knew it not Once this new perception of God is accepted then everything changes The quiet Voice of Love will help you to reinterpret everything you have been taught as fearful and that makes you feel guilty and will change them to only what is loving is true There are no rules and regulations to obey You need do nothing The Power of Love will set you free It is not through any of your efforts Here is the ultimate release which everyone will one day find in his own way at his own time Think about this If Love is the primary focus of your life what are you going to do wrong Fear God and keep His commandments becomes Know God and accept His Certainty According to Wikipedia it is estimated that there are approximately 4 200 religions in the world today I say But the Greatest of These is Love **Wellness—A Way of Life** Dr. Melva Martin, 2018-10-24 This is your moment Here you are holding a guide to better health and natural healing written by an experienced naturopath who instructs the reader on inexpensive home remedies that puts healing techniques within reach of everyone Well rounded and thoughtfully compiled this guide addresses the wholistic triune the body mind and spirit It is filled with effective approaches doable techniques and treatments Dr Melva Martin provides multiple options and paths to self care You may not choose to use all techniques included in this book but you will learn the overarching aspects of health and holistic healing and find various treatment options to guide your journey forward The days of us leaning back and expecting a doctor with fifteen minutes to fix us is over Worse yet good health seems harder to achieve in our chemicalized world The reality is that no doctor will give us unlimited time and when we go to them we are wise to partner with them rather than passively sitting on the sidelines Therefore it is time for us to step up and get in relationship with our bodies and learn what we can do for ourselves before we resort to a medicine for every malady along life s highway I won t deny that there is a place for allopathic western medicine but it is wise to return most of the care to our homes our prayers our kitchens and our gardens This book will be your reference and your guide Muriah Williams **A Happier You** Scott Glassman, 2021-11-01 In these increasingly difficult times it s easy to get stuck in a cycle of negativity cynicism and unhappiness Based on author Scott Glassman s A Happier You wellness program The Up Side teaches readers seven core positivity skills to rapidly short circuit chronic rumination and pessimistic thinking By reducing the frequency and intensity of negative thoughts about themselves the world and their future readers will learn to break free from cynicism to feel more positive happy and resilient How to Create Heart-Based Hospitality: The Future of the Hotel Hospitality Experience Peter
