Loving Brand:

Brand Love is not Enough Max Blackston, 2018-03-15 How would you feel about a bank that handled all of your financial needs efficiently but made you feel like a dummy In a relationship between two people what the other person thinks of you or what you believe they think of you exerts great influence on the quality of your relationship The same is true for your relationship with brands In this trailblazing book Blackston extends his theory on consumer brand relationships introduced in the 1990s He introduces a new construct called brand s attitude which complements the idea of brand image and introduces a typology of consumer relationships that is richer and more varied than the familiar concept of brand love This construct describes more fully the two way street that exists between consumers and brands and fills a crucial gap in traditional branding literature in explaining consumers brand purchasing and usage behavior Drawing on numerous actual examples and cases from a variety of different industries and supported by 30 years of consumer data Brand Love is not Enough should be on the shelf of any serious marketer or student of branding *The Righteous Brand* Max Blackston, 2025-04-29 Bringing order to the chaos of modern brand marketing the second edition of Brand Love Is Not Enough combines an intuitive model of how consumers relate to brands with an up to the moment analysis of how brands are both victims and players in today s raging culture wars Brand management now has to reach beyond traditional marketing objectives in order to encompass identity politics and corporate purpose But with no grounding or guidance marketers are swinging wildly from virtue signaling to woke washing and in the process brands are being damaged and careers brought to an abrupt end Uniquely this book offers not only updated case studies and content relating to Max Blackston s respected Consumer Brand Relationships model but goes on to show how an extension of the Brand Relationship concept to include the ethical moral and political values of brands as well as their brand images provides the tools for managing brands in this new environment This new set of Brands Moral Relationships allows a brand to embody the values of diverse groups of consumers even strongly contrasting ones and avoid becoming marooned in an identity defined positioning This book besides being essential reading for practitioners students and researchers in marketing advertising and market research provides fascinating insights for anyone who takes an interest in the brands they choose or choose not to buy **Navy Brat** Debbie Macomber, 2013-02-15 Erin MacNamera had one hard and fast rule never never never fall for a navy man But from the heart stopping moment her eyes met Lieutenant Brandon Davis s across a crowded lounge Erin knew life would never be the same Sexy tender and strong Brandon was all she d ever dreamed of in a man but he was also navy and as a navy brat from way back she knew better than to give her heart to a seafaring man When an old friend asked Brand to look up his eldest daughter he never dreamed Erin would turn out to be a stubborn beauty who resisted him at every turn Couldn t she see that they were meant for each other When Brand was called to duty it gave him the perfect opportunity to teach his sweet Irish rose a thing or two about navy men and love Writing Beyond the End Times? / Écrire au-delà de la fin des temps ?
